

MICROTEC 12

- **Temperature Control**
Microtec NCR60 microprocessor A microprocessor controls the temperature of the heat press at 220°C and the heat press is 12 inches wide.
- **Pressure Control**
Microtec NCR60 microprocessor controls the pressure of the heat press.
- **Microtec 12 Custom-Fit**
Custom-Fit 12 inch heat press heads are available for all sizes of cups.
- **Power**
Microtec 110/120V and 220V heat press heads are available.
- **Microtec MP/MPA**
Microtec SMP-20 MP - 10 MP - 99 LMP-10 MP-60 MPA - Quick-Change Ready
- **Accessories**
Microtec NCR60 microprocessor controls the temperature of the heat press.
- **Accessories**
Microtec NCR60 microprocessor controls the temperature of the heat press.
