

Description

ASTM-S 80x100cm (32"x40") 100x120cm (40"x48") 100x160cm (40"x64") "ASTM-S" ASTM

ASTM-64-S XSTM ASTM-64-S

ASTM-64-S CE UL

Microtec ASTM-64-S

Feature

ASTM-64-S

80x100cm (32"x40") 100x120cm (40"x48") 100x160cm (40"x64")

ASTM-64-S Microtec

CE

Microtec ASTM-64-S

ASTM Large format pneumatic heat press machine with single side

- ASTM-40/48/64-S
- Large size 80x100cm/ 100x120cm/ 100x160cm available
- Automatic Operated pressing
- Integrated Tube Technology for Even Distributed heating
- Digital Time & Temperature controls

Digital controller

Air filter

Air cylinder

Emergency stop button

Specification

Model	ASTM-64-S
Size	40"x64" / 100x160cm
Material	GY-06
Power	7.5KW/9KW
Temperature	225°C
Accuracy	±0.5%
Weight	900kg
Motor	3HP

Application

ASTM-S is used for pressing various materials like...

Application>

- Sports goods.
- Advertising, flags, banners, accessories.
- Large photos, posters.
- Transfer on Hard Substrate (ceramic, aluminium, plastic, wood...)
- Textile : home finishing, apparel, curtains...
