

Up and down
adjustable
by 30CM

PLC control

PLC control

Accurate placement

Automatic film coating

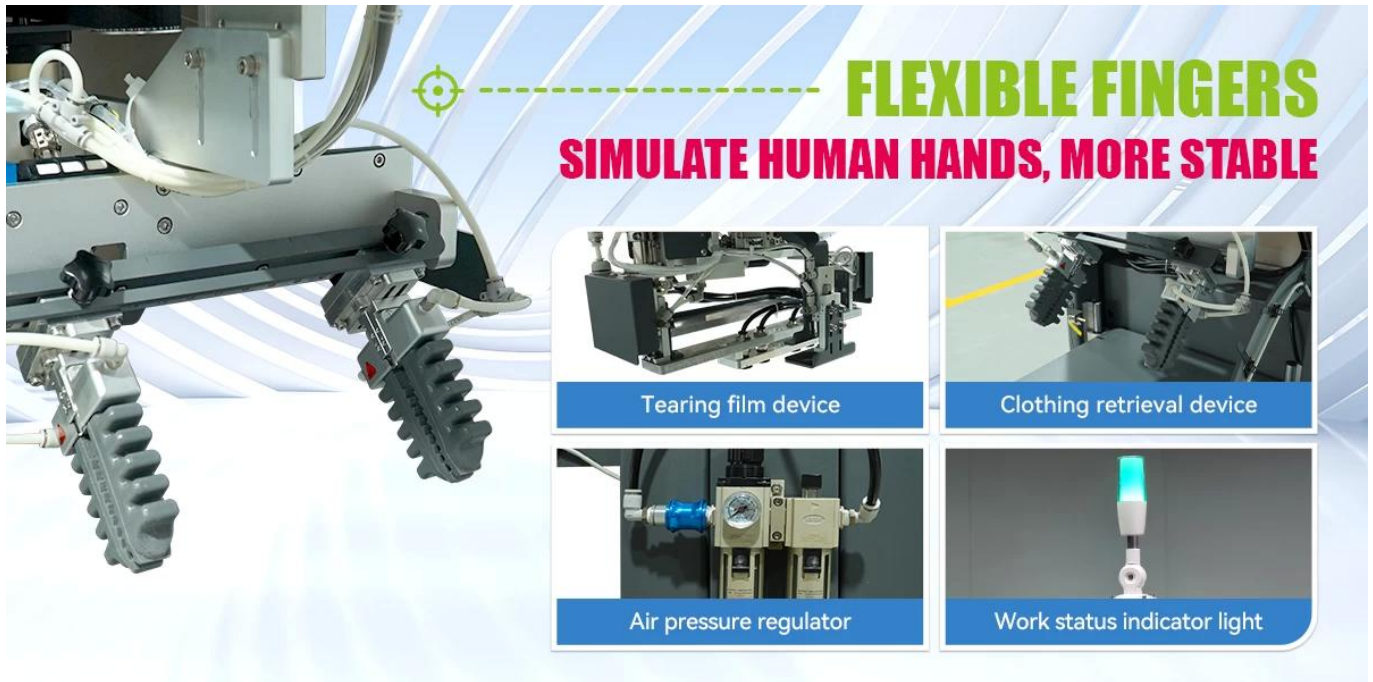

Submerged storage space

DTF

- [illegible]

- 项目名称SSE-002

参数

- 尺寸≤30x30cm
- 控制plc
- 相机TK871IP
- 速度≥180pcs/h
- 电压220V
- 功率900W
- 压力0.4MP-0.6MP
- 尺寸120x90x178cm
- 重量245kg

Microtec SSE 4000 Series

Microtec SSE 4000 Series is a family of high-performance, low-cost, and reliable microcontrollers designed for a wide range of applications. The SSE-002 is a member of this series, offering a range of features and performance characteristics.

Microtec 4000 Series is a family of high-performance, low-cost, and reliable microcontrollers designed for a wide range of applications. The SSE-002 is a member of this series, offering a range of features and performance characteristics.
