9) Three blades come with the cutting plotter

Feature

◆ Personalized design, adjust the pressure and speed of engraving at any time;

◆ Original blue screen LCD display;

◆ Optional laser positioning trolley with contour cutting function;

◆ Provide USB 2.0 and RS-232C standard communication ports;

◆ Using the common domestic engraving language to support various popular engraving software at home and abroad;

◆ Unique cutter soft landing function, increase cutter life and engraving various materials;

◆ Operating environment: Windows XP, Windows Vista, Windows 7/8 (32bit & 64bit), MAC.

Model No.	MT871
Max. Paper Width	870mm
Max. Cutting Width	780mm
Buffer Capacity	1M or 4M
Cutting Speed	50-800mm/s
Max. Cutting Force	50-500g
CPU	8-bit CPU
Voltage	90-260V
Interfaces	Parallel & Serial, USB
Optical Eye	Yes
Machine Stand	Yes
Net Weight	11.79kg
Gross Weight	21.79kg
Packing Size	110*34*43cm

Warranty

We can offer you lifetime technical support for all products.

Lifetime warranty on the element of our Cutting Plotter.

1 year warranty on the whole machine.

24-hour technical support by email or calling.
