

Description

The Microtec SHT Manual Heat Press is a high-pressure heat transfer machine designed to cater to the needs of small businesses engaged in inkjet and other transfer paper heat transfer applications. Available in optional sizes of 38x38cm and 40x50cm, this versatile heat press provides a cost-effective and efficient solution for a variety of substrates.

The SHT series stands out for its simple and straightforward structure, making it an ideal choice for those new to heat transfer processes. Compared to other T-shirt heat press machines from Microtec, the SHT series is more affordable, making it an excellent choice for individuals and businesses starting out in the heat transfer industry. Despite its lower cost, the SHT series maintains stable performance.

Microtec SHT Manual Heat Press is a versatile and cost-effective solution, offering simplicity in structure, affordability for starters, and a wide range of applications. Its stable performance and resale potential make it a valuable tool for small businesses and individuals entering the heat transfer industry.

Feature

Pressure Adjust Knob: To adjust the pressure easily when sublimate items with different thicknesses.

GY-04N Digital Controller: Equipped with a GY-04N digital controller, this manual heat press machine ensures simple and efficient operation.

Affordability for Starters: SHT series stands out for its simple and straightforward structure, making it an ideal choice for those new to heat transfer processes.

Upgraded Heating Plate and Element: The heat press incorporates upgraded heating plates and elements to prevent uneven heat distribution and potential failures.

Specification

Model No.	SHT-15LP1/ SHT-20LP1
Machine Type	Manual, Clamshell
Platen Size	15"x15"/ 16"x20" (38x38cm/ 40x50cm)
Controller	GY-04N Digital Controller
Printable Articles	Up to 10mm Thickness
Opening Angle	35 Degrees
Voltage	120V/ 220V
Power	15: 1.5KW/ 1.8KW; 20: 1.6KW/ 1.8KW
Time Range	0-9 Hours
Maximum Temp.	225 C
Packing Size	71x49x40cm/ 74x64x44cm
Gross Weight	34kg/ 41kg

Application

The Microtec Plain Heat Press machine SHT is versatile, allowing users to transfer images onto various flat surfaces such as T-shirts, jeans, pillowcases, jigsaw puzzles, mouse pads, ceramic tiles, and more. This broad application range adds to the machine's overall utility.
