

## Feature

**DTF** : SJB-A3 UV DTF 打印机采用先进的DTF (Direct-to-Film) 打印技术，支持AB 墨水 UV 打印，能够实现高质量的打印效果。

**UV** : SJB-A3 UV 打印技术，能够实现高质量的打印效果，适用于各种材质的打印。

**A3** : A3 打印尺寸，SJB-A3 UV DTF 打印机支持 A3 打印尺寸，能够满足各种打印需求。

## SHOW IN DETAIL

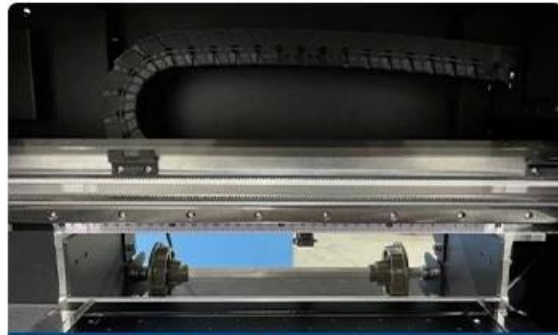

Printing and laminating 2 in 1 for efficient production.

The anticollision device to provide good protection for printhead.

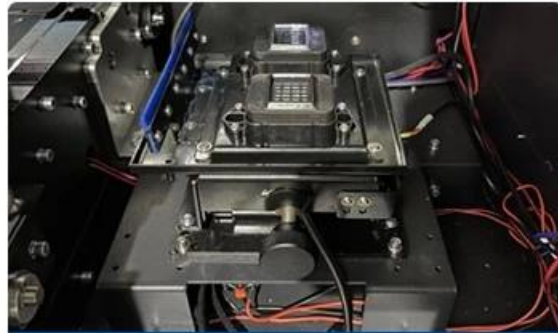

High-quality servo industrial motor drive system ensures the accuracy and stability of printing.

High quality drag chain, it is rub-resistance which greatly improves the service life.

White ink stirring pump to prevent the precipitation of white ink and improve the printing effect.

Lifting aluminum alloy ink stack, intelligent automatic cleaning and maintenance of the print head.

The vacuum adsorption platform ensures printing stability efficiently.

Control panel is clear at a glance, easy to operate.
