

Description

Microtec Model X is a fully automatic heat press machine designed for professional and DIY users. It features a large aluminum heating plate capable of handling items up to 5kg. The machine is available in two sizes: a compact 3838cm (15x15") model and a larger 4050cm (16x20") model. Both models offer enhanced safety with dual-hand activation and a wide opening for easy item transfers. The 4050cm model is particularly suitable for diverse DIY projects. The machine is built with a solid frame and includes a heat press mat for optimal results.

Fully Automatic Heat Press

- **Enhanced Safety:** Requires dual-hand activation for a secure operation;
- **Aluminum Heating Plate (up to 5kg):** Ensures even heat distribution for clear and durable transfers.
- **Flexible Transfer:** Larger Threadability space for easy and flexible item transfers
- **Stability:** Up to 80kg (32 pounds) pressure for precise transfers
- **Options Galore:** Choose from 38*38cm (15*15"), 4050cm (16*20"), and larger for diverse DIY possibilities

CE ISO 9001
