Microtec ASTM-64-S

ASTM Large format pneumatic heat press machine with single side

- ASTM-40/48/64-S
- Large size 80x100cm/ 100x120cm/ 100x160cm available
- Automatic Operated pressing
- Integrated Tube Technology for Even Distributed heating
- Digital Time & Temperature controls

Digital controller

Air filter

Air cylinder

Emergency stop button

Specification

Model	ASTM-64-S
Table size	40 "x64" (100x160cm)
Table height	GY-06
Table weight	900kg
Table material	20# Steel
Table thickness	220V/380V
Table power	7.5KW/9KW
Table temperature	225°C
Table accuracy	±0.5%
Table pressure	8kg/cm ²
Table dimensions	227×157×176cm
Table weight	900kg
Table motor	3HP

Application

ASTM-S

Application>

- Sports goods.
- Advertising, flags, banners, accessories.
- Large photos, posters.
- Transfer on Hard Substrate (ceramic, aluminium, plastic, wood...)
- Textile : home finishing, apparel, curtains...
