

Description

How to choose the right heat press? RHP is the best choice for you. It is a professional heat press with a digital display and a timer. It is easy to use and has a large capacity. The RHP Auto Open Heat Press is a professional heat press with a digital display and a timer. It is easy to use and has a large capacity. The RHP Auto Open Heat Press is a professional heat press with a digital display and a timer. It is easy to use and has a large capacity.

Feature

- Professional heat press with a digital display and a timer.
- Easy to use and has a large capacity.
- 40x60cm heat press with a digital display and a timer.
- Professional heat press with a digital display and a timer.
- Easy to use and has a large capacity.

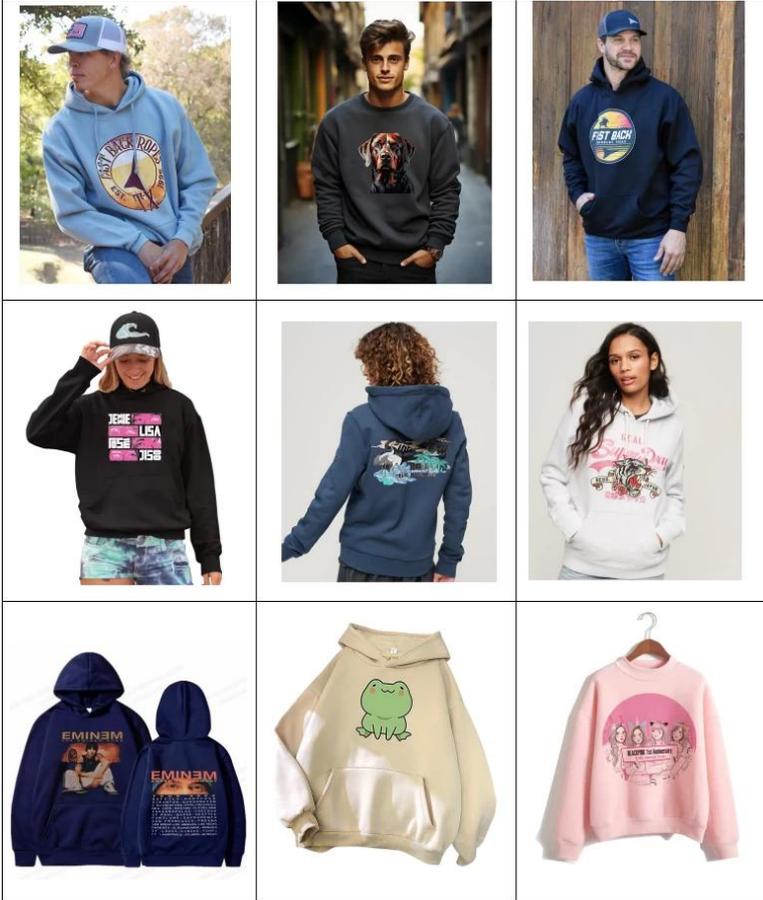

Specification

| | |
|-------------|----------------------------------------|
| Model | RHP-15MS/ RHP-20MS/ RHP-24MS |
| Material | 65% Cotton, 35% Polyester |
| Color | GY-06 (Grey) / BK (Black) / WH (White) |
| Temperature | 225°C |
| Accuracy | ±0.5% |
| Voltage | 120V / 220V |
| Frequency | 50 / 60HZ |
| Weight | 54kg (RHP-24MS) |
| Weight | 65kg (RHP-24MS) |
| Dimensions | 95x52x64cm(RHP-24MS) |
| CE | CE |
| Power | 2000W / 5000W |

Application

RHP is suitable for various applications, including: (1) Customized designs, (2) Large area printing, (3) High-temperature printing, (4) High-speed printing, (5) High-quality printing.

Sublimation Transfer Solution

OEM/ODM for famous
heat press machine
world brand

– STRICT QUALITY CONTROL

100% QC Inspection:

Full black sublimation transfer printing for each unit of machine

Heat Platen Flatness:

Die-casting mould technology to ensure the heat platen flatness

Supercoiled Heater Technology:

Embedded heater windings throughout the entire platen for even heat distribution and fast heat up
