

Description

DEMON 45 is a pneumatic double station shuttle heat press with floor stand & infrared positioning device. It is designed for high-volume production of heat transfer items. The machine features a pneumatic drive system for easy operation and a floor stand with universal wheels for mobility. The infrared positioning device helps in accurate pattern placement. The machine is suitable for a wide range of heat transfer applications, including t-shirts, hoodies, and bags.

Pneumatic Double Station Shuttle Heat Press with Floor Stand & Infrared Positioning Device

- Model No.: DEMON 45
- Two-station heat transfer
- Pneumatic drive, easy to operate, save time & effort
- Floor stand & universal wheels design to stop anywhere
- Infrared cross positioning devices to help pattern positioning

DEMON 45 is a pneumatic double station shuttle heat press:

The machine is designed for high-volume production of heat transfer items. It features a pneumatic drive system for easy operation and a floor stand with universal wheels for mobility. The infrared positioning device helps in accurate pattern placement. The machine is suitable for a wide range of heat transfer applications, including t-shirts, hoodies, and bags.

The machine is designed for high-volume production of heat transfer items. It features a pneumatic drive system for easy operation and a floor stand with universal wheels for mobility. The infrared positioning device helps in accurate pattern placement. The machine is suitable for a wide range of heat transfer applications, including t-shirts, hoodies, and bags.

The machine is designed for high-volume production of heat transfer items. It features a pneumatic drive system for easy operation and a floor stand with universal wheels for mobility. The infrared positioning device helps in accurate pattern placement. The machine is suitable for a wide range of heat transfer applications, including t-shirts, hoodies, and bags.

The machine is designed for high-volume production of heat transfer items. It features a pneumatic drive system for easy operation and a floor stand with universal wheels for mobility. The infrared positioning device helps in accurate pattern placement. The machine is suitable for a wide range of heat transfer applications, including t-shirts, hoodies, and bags.

Feature

GY-06 数字显示单元: 显示温度 200 和时间 030。数字显示单元用于显示温度和时间。

切割平台: Demon 45 40x50cm 切割平台 200 毫米厚。切割平台用于切割材料。切割平台由红色底座和黑色台面组成。

切割平台支架: 切割平台支架由黑色金属制成。切割平台支架用于支撑切割平台。

废料收集盘: 红色塑料托盘用于收集废料。废料收集盘由红色塑料制成。

温度表: 温度表显示温度。温度表由黑色塑料制成。
