

Description

ECH-200 is a professional heat press machine designed for high-quality sublimation printing. ECH-200 features a double-sided heating system, allowing for efficient and even heat distribution across the entire surface of the item being pressed. This ensures vibrant, long-lasting prints on a wide variety of materials.

Feature

Professional Design:

ECH-200 is a professional-grade heat press machine, designed for high-volume production. It features a sturdy metal frame and a large, easy-to-use control panel. The machine is compact and easy to store, making it ideal for home or small business use.

Double-Sided Heating:

The ECH-200 features a double-sided heating system, allowing for efficient and even heat distribution across the entire surface of the item being pressed. This ensures vibrant, long-lasting prints on a wide variety of materials.

Large Heat Platen:

The ECH-200 features a large heat platen, measuring 12" x 15" (29 x 38 cm). This allows for printing on a wide variety of items, including t-shirts, hoodies, and bags.

Easy to Use:

The ECH-200 is designed for ease of use, with a simple control panel and a clear digital display. The machine is also equipped with safety features, such as a safety lock and a temperature gauge, to ensure safe operation.

High-Quality Prints:

The ECH-200 is designed to produce high-quality, vibrant prints. The double-sided heating system ensures even heat distribution, resulting in sharp, long-lasting prints on a wide variety of materials.

Compact Design:

The ECH-200 is a compact and easy-to-store heat press machine. It is ideal for home or small business use, as it takes up minimal space and is easy to move.

The ECH-200 is a professional-grade heat press machine, designed for high-volume production. It features a sturdy metal frame and a large, easy-to-use control panel. The machine is compact and easy to store, making it ideal for home or small business use.

Specification

Model	ECH-200
Material	Aluminum, Steel
Heat Platen Size	12"x15"(29x38cm)
Power	2x GY-04 100W 110V AC
Heat Platen Thickness	70mm

電圧	120V/220V
消費電力	1800W
温度範囲	0~999℃
温度精度	225℃
温度変動	±0.5%
サイズ	57x51x47cm
重量	36kg

Application

ECH-200は、家庭用・業務用両用で、お風呂・キッチン・リビング・寝室・子供部屋・お部屋など、あらゆる場所でご利用いただけます。また、お風呂・キッチン・リビング・寝室・子供部屋・お部屋など、あらゆる場所でご利用いただけます。
