

Description

Microtec MT-201 Swing Away Heat Press is a professional, high-quality, and reliable heat press machine. It is designed for use in a variety of settings, including home, office, and industrial. The machine features a 15"x15" standard size platen, which is ideal for printing on a wide range of items, including t-shirts, hoodies, and bags. The MT-201 is a swing-away heat press, which means that the upper platen can be moved out of the way, allowing for easy access to the items being printed. This makes the machine easy to use and safe to operate. The machine is also equipped with a digital display and controls, which allow for precise temperature and time settings. The MT-201 is a high-quality, professional-grade heat press machine that is perfect for anyone who wants to start a business or improve their existing one.

MICROTEC NEW
