

## Description

OTO-24 is a flatbed continuous transfer printing machine. It is designed for DTF printing and garment fusing. The machine is equipped with an infrared positioning system and adjustable infeed and outfeed tables. It is suitable for printing on various materials such as t-shirts, hoodies, and bags. The machine is easy to operate and maintain, and it provides high-quality printing results.

**NEW!**

# Flatbed Continuous Transfer Printing Machine

**Model No.: OTO-24**  
**Print Width: 60cm**

- Higher Production with Continuous Printing
- Offered with Infrared Positioning System
- Adjustable Infeed and Outfeed Tables
- Designed for DTF Printing and Garment Fusing

CE ISO 9001

## Feature

**High Production:**

The OTO-24 is a continuous printing machine, which allows for high production. It is suitable for printing on various materials such as t-shirts, hoodies, and bags. The machine is easy to operate and maintain, and it provides high-quality printing results.

**Infrared Positioning System:**

The OTO-24 is equipped with an infrared positioning system, which ensures accurate printing. The machine is suitable for printing on various materials such as t-shirts, hoodies, and bags. The machine is easy to operate and maintain, and it provides high-quality printing results.

**Adjustable Tables:**

The OTO-24 has adjustable infeed and outfeed tables, which allows for printing on various materials. The machine is suitable for printing on various materials such as t-shirts, hoodies, and bags. The machine is easy to operate and maintain, and it provides high-quality printing results.

**Easy Operation:**

The OTO-24 is easy to operate and maintain. It is suitable for printing on various materials such as t-shirts, hoodies, and bags. The machine is easy to operate and maintain, and it provides high-quality printing results.

**High Quality:**

The OTO-24 provides high-quality printing results. It is suitable for printing on various materials such as t-shirts, hoodies, and bags. The machine is easy to operate and maintain, and it provides high-quality printing results.

**Wide Application:**

The OTO-24 is suitable for printing on various materials such as t-shirts, hoodies, and bags. The machine is easy to operate and maintain, and it provides high-quality printing results.
