**DTF**

Microtec Robotik GmbH is a leading manufacturer of robotic material loading and unloading systems for the textile industry.

Our systems are designed to automate the material handling process in thermal transfer printing, ensuring high efficiency and precision.

Key features include:

• High precision material handling and positioning.

## Robotic Heat Transfer Printing System

Microtec Robotic Material Loading System and Automatic Unloading Machine represent the pinnacle of efficiency and automation, offering a comprehensive solution for businesses seeking to elevate their thermal transfer printing operations.

1. Place the T-shirt onto S4 automatic carousel heat press

2. Mechanical arm grips the heat transfer material

3. Transport heat transfer materials to predetermined location

4. Heat platen is automatically pressed down for heating

5. Time is up, the under plate is automatically slide out

6. Robotic arm peels off the finished transfer film

7. Automatically grabs the transferred T-shirts

8. Placing the transferred items into the collection basket

## Specification

|       |              |
|-------|--------------|
| 产品型号. | SSB-002      |
| 产品尺寸  | 120x90x178cm |
| 产品重量  | 245kg        |
| 产品功率  | 900W         |
| 产品电压  | 220V, 50Hz   |
| 产品温度  | 0.4MP~0.6MP  |
| 产品压力  | 120x90x178cm |
| 产品材料  | 30x30cm 100% |
| 产品颜色  | K8711P 100%  |
| 产品品牌  | PLC 100%     |
| 产品产地  | 30x30cm 100% |
| 产品年份  | 2021         |
