

## Description

Microtec A3+ (33cm) DTF Printer equipped with Dual i3200 Printer Heads, a powerhouse designed for precision and efficiency in printing PET film vinyl for clothing. Boasting Epson's original i3200 print heads, this DTF Printer guarantees high-speed performance, impeccable resolution, and remarkable durability.

With a printing width of up to 330mm, the DTF-A3+ printer is designed for high-efficiency and precision in direct-to-film printing, making it ideal for small to medium-sized print businesses. The use of dual EPSON i3200 printheads ensures exceptional print quality and speed, enhancing productivity and output quality. With its broad printing width, the DTF A3+ Printer can handle larger prints, offering greater versatility and scope for creative applications.

This DTF printer stands out for its ability to deliver high-resolution prints with vivid colors and sharp details, making it perfect for producing custom apparel, accessories, and other fabric-based items. The combination of its advanced printhead technology, expansive print width, and superior print quality positions the DTF A3+ Printer as a top choice for businesses looking to excel in the competitive field of direct-to-film printing.

The advertisement features the Microtec logo on the left, consisting of a stylized 'M' above the word 'MICROTEC'. To the right, the text 'DTF-A3+ Printer System' and 'Dual i3200 Printer Head' is displayed in a bold, purple font. Below the text is a large image of the printer system, which includes a main printer unit on a stand and a separate processing unit. To the right of the printer are three small images: a pair of black and white sneakers, a collection of colorful pillows with various designs, and a white t-shirt with a dog's face printed on it. Below these images is a grey box with the heading 'FEATURES:' and a list of four bullet points: 'Dual Epson i3200 Printer Heads', 'Faster Printing Speed', 'Higher Grade A3+ Printer', and 'Compact Printer System Design'.

## DTF-A3+ Printer System Dual i3200 Printer Head

**FEATURES:**

- Dual Epson i3200 Printer Heads
- Faster Printing Speed
- Higher Grade A3+ Printer
- Compact Printer System Design

## Feature

**Dual Epson i3200 Printer Heads:** Enhances print quality and speed, ideal for high-volume printing.

**Ease of Operation:** User-friendly interface for quick learning and efficient operation.

**Faster Printing Speed:** Accelerated printing process for efficient project turnaround.

**Higher Grade A3+ Printer:** Superior print size and quality, perfect for professional-grade custom apparel and merchandise.

**Compact Design:** Fits easily in smaller spaces, ideal for various printing environments.

This printer combines efficiency, quality, and convenience, making it an excellent choice for direct-to-film printing businesses.
