

The [Cup Tumbler Cradle](#) is an essential tool for any crafting enthusiast or small business owner specializing in custom drinkware. Featuring a robust design with three adjustable distance settings, this [cradle](#) ensures a secure fit for a variety of cup and tumbler sizes. The [cradle](#) is constructed from durable metal, providing a sturdy framework that withstands heavy use. Enhanced with NBR foam padding, it offers a gentle yet firm grip, preventing scratches and ensuring your projects stay perfectly in place during application. Ideal for vinyl decal application, painting, or other creative projects, the Cup Tumbler Cradle is a versatile and reliable addition to your crafting toolkit.

Feature

Versatile Fit: With its three adjustable distance settings, the cradle can accommodate a wide range of cup and tumbler sizes, making it suitable for various projects and ensuring a perfect fit every time.

Durable Construction: Built from sturdy metal, the cradle provides robust and long-lasting support, capable of withstanding heavy use and ensuring stability during crafting sessions.

Protective Padding: The inclusion of NBR foam padding not only secures your drinkware firmly but also protects it from scratches and damage. This gentle grip maintains the pristine condition of your items while allowing for precise application of decals, paint, or other customizations.

Enhanced Crafting Efficiency: The Cup Tumbler Cradle is designed for ease of use, enabling efficient and high-quality crafting. It simplifies tasks like vinyl decal application and painting, ensuring accurate results and saving time.

User-Friendly Design: Its intuitive design makes it easy to adjust and operate, catering to both beginners and experienced crafters, and enhancing the overall crafting experience.

Specification

Modle No.	MP-3D
Size	28x13x15cm
Packing Size	30x20x12cm
Net Weight	0.76kg
