

Description

Microtec COS-HOBBY [A4 Hobby heat press](#) is small size with draw-out under plate for easy layout, designed for start-ups and those new to sublimation, and perfect for sublimation garments and other products requiring a flat heat platen. It is a reliable solution for achieving consistent and high-quality results.

[COS-HOBBY Heat Press](#) is designed to handle various heat transfer applications, including vinyl, fabrics, ceramics, metals, and more, this small-sized commercial-grade heat press combines convenience, precision, and efficiency, making it the ultimate choice for personal and professional use.

For Microtec T-shirt heat press machine, it adopts high quality heat elements. The heat platen is with higher copper content and teflon coating, also passes electrostatic tests & breakdown test, which helps the heat press machine with more even heat distribution and longer life.

Feature

NTTE-2421WR Digital Controller: Regulating time and temperature is seamless with the NTTE-2421WR Digital Controller. This feature not only adds elegance to the heat press but also ensures accurate time and temperature settings.

Slide-out Lower Platen: The heat press is equipped with a slide-out under base, providing a practical solution for placing materials into the press away from the heat. This feature enhances safety and convenience during the heat transfer process.

Strong Struction: Solid welded frame makes the COS hobby heat press machine durable and for batch production.

Lady-Friendly Design: The COS-HOBBY A4 heat press is crafted with a focus on user convenience, especially for ladies. Its small and lightweight design ensures easy handling and operation.

Specification

Model No.	COS-HOBBY
Machine Type	Clamshell, Draw-out Under Plate
Platen Size	9"x13" (23x33cm)
Controller	NTTE-2421WR Digital Controller
Printable Articles:	Up to 10mm Thickness
Opening Angle:	30 degrees

Maximum Temp.	225°C
Temperature Accuracy	±0.5%
Time Range	0-999 Seconds
Power	0.8KW/ 1.0KW
Voltage	220V/ 110V
Frequency	50-60Hz
Gross Weight	24.5kg
Machine Size	50x34x34cm
Packing Size	62x42x44cm

Application

A4 Hobby Heat Press is designed for sublimation printing and can also transfer Heat Transfer Vinyl (HTV) onto products, including vinyl, fabrics, ceramics, metals, and more.
