

Description

APD Series Pneumatic High-Pressure Heat Press Machine is a commercial-grade professional and accurate heat transfer press machine, engineered to deliver consistent high pressure and precision. If you want industrial heat press with high pressure, then APD automatic heat press with draw out under plate is the best choice. This machine is ideal for transfer T-shirts, Sportswear, Hoodies, HD metal prints, photo slate, etc. Draw-out underplate for easy lay out. In addition, there are 8 different size under plates for your different application, like sleeves, neck label, pants etc. Just one step quick-change.

Feature

Key Features of the APD Series Heat Press Machine

Fully Draw-Out Mechanism

The fully draw-out mechanism allows for easy loading and unloading, enhancing safety and efficiency. Just slide the lower platen out, position your item, and slide it back in.

Consistent High Pressure

The pneumatic high-pressure system ensures uniform pressure across the entire surface, resulting in high-quality, even prints every time.

Full Threadability

Full threadability allows easy positioning and alignment of garments like T-shirts, hoodies, and sweatshirts, making the APD Series versatile for various projects.

Large Space for Projects

Available in sizes 16"x20" and 16"x24", the APD Series accommodates both small and bulky items, providing ample space for diverse heat transfer projects.

Precision Temperature Control

The APD Series offers precise temperature settings for consistent heat application, ensuring high-quality results on different substrates, from delicate fabrics to sturdy materials.

User-Friendly Interface

Designed with an intuitive interface, the APD Series is easy to operate for both beginners and professionals, eliminating the need for complicated settings.

Efficiency and Speed

Highly efficient, the APD Series allows users to complete more projects in less time. Its automatic features and high-pressure capability maximize productivity.

Durability and Reliability

Built with high-quality materials, the APD Series is durable and reliable, offering long-term value and consistent performance for professional use.

UPGRADED

APD-20/24	Old	New
Controller	1 Time Setting	2 Time Setting for Pre-heat
Anti-scald Cover	Half Cover	Upgrade Full Cover
Threadability	Height: 2"/ 5cm	Height: 4"/ 10cm
Draw-out	3/4 Pulled-out	Fully Pulled-out
Silicone Feet	No	Yes
Lower Platens	Exchangeable, 2 Sizes	Quick-change, 8 Sizes

Specification

Model No.	APD-20	APD-24
Machine Type	Automatic, Quick-change Under Plate	
Platen Size	16"x20" (40x50cm)	16"x24" (40x60cm)
Under Plate	Full Draw-out with Wheel	
Controller	GY-08 Digital Time & Temp. Control	
Printable Articles	Up to 40mm Thickness	
Air Compressor Required	Yes	
Voltage	120V/ 220V	

Power	2.5KW
Time Range	0-999 sec.
Maximum Temp	225 C
Packing Size	115 x 87x 58 cm
Gross Weight	121kg/ 125kg
