

Description

MP-10 8-in-1 Tumbler and Mug Press

The MP-10 is a versatile and efficient heat press machine designed for sublimation printing on a wide variety of mugs and tumblers. Its multifunctional design and interchangeable heating elements make it an essential tool for businesses and hobbyists aiming to produce high-quality, customized drinkware.

Key Features

- **Multifunctional Design:** Equipped with six interchangeable heating elements, the MP-10 accommodates a broad range of mug sizes and shapes, including:
 - 1.5oz Mini Mugs
 - 2.5oz Mini Mugs
 - 6oz-10oz Standard Mugs
 - 12oz Latte Mugs
 - 17oz Latte Mugs
 - 11oz-15oz Mugs

- **Adjustable Pressure:** Features four pressure adjustment knobs, allowing for precise pressure settings tailored to different mug sizes, ensuring consistent and high-quality sublimation results.
- **User-Friendly Operation:** The intuitive control panel simplifies temperature and time settings, making the MP-10 accessible to both beginners and experienced users.
- **High-Temperature Capability:** Capable of reaching temperatures up to 225°C (437°F), the MP-10 ensures vibrant and durable sublimation prints on various mug types.
- **Durable Construction:** Built with a sturdy frame and high-quality components, the MP-10 is designed for longevity and reliable performance, even under frequent use.
- **Enhanced Productivity:** The innovative structure allows for full-wrap designs with even pressure distribution, making it possible to transfer designs onto 20oz and 30oz skinny tumblers, as well as two 11oz or 15oz mugs simultaneously, thereby increasing production efficiency.

Technical Specifications

- **Model Number:** MP-10
- **Machine Type:** Manual, Easy Heater Exchange

- **Compatible Mug Sizes:** 1.5oz, 2.5oz, 6oz-10oz, 12oz, 17oz, 11oz-15oz
 - **Maximum Temperature:** 225°C (437°F)
 - **Power:** 130W-260W
 - **Voltage:** 220V/110V
 - **Frequency:** 50-60Hz
 - **Machine Dimensions:** 604mm (L) x 426mm (W) x 297mm (H)
 - **Net Weight:** 12.75kg
-

Additional Features

- **Super Big Mug Heater:** Specially designed for transferring designs onto 20oz and 30oz skinny tumblers, or for transferring designs onto two 11oz or 15oz mugs simultaneously, enhancing productivity.
- **Strong Handle Grip:** Designed for easy pressing down of the mug heat press machine, ensuring consistent contact pressure for optimal sublimation results.

The MP-10 6-in-1 Tumbler and Mug Press is an all-in-one solution for diverse sublimation printing needs, offering flexibility, efficiency, and high-quality results.

Whether you're customizing mugs for personal use, gifts, or promotional items, the MP-10 provides the tools necessary to achieve professional-grade prints with ease.

Machine Warranty

Microtec's Commitment to Customer Support

At Microtec, our primary goal is to ensure that our customers can carry out heat transfer activities seamlessly. To support this, we offer **FREE SPARE PARTS** with qualifying orders, alongside the following comprehensive guarantees:

- **Lifetime Technical Support** for all heat press machines.
- **Two-Year Warranty** on the machine.

- **Five-Year Warranty** on fusions and welds.
- **Five-Year Warranty** on the heating plate.
- **Six-Month Warranty** on heaters for cups, plates, and caps.

We are dedicated to providing long-term reliability and peace of mind for your heat transfer operations.
