

## Description

Are you looking for an efficient and user-friendly way to print on your favorite garments? RHP Auto Heat Press with Full Threadability is the machine you've been looking for. This remarkable auto heat press is offered with an elevated lower platen, which provides extra space under the lower platen. This special feature makes it easy to slide a t-shirt or hoodies, sweatshirts onto the platen, press, and pull the t-shirt off. If you need to print on the reverse, you can pull it off and slide it back on without hassle. This innovation that will save time and increase productivity when you've got 500+ orders to fill.

RHP Auto Open Heat Press is an efficient, user-friendly, and reliable tool that will help you create beautiful and unique designs on your clothing. Try the RHP heat transfer machine today and start printing your designs with ease!

## RHP Auto Open Press with Fully Threadability Plate

**Model No.:** RHP-15MS/RHP-20MS/RHP-24MS  
**Platen Size:** 38x38/40x50/Vertical 40x60cm

- Fully Threadability on Lower Platen
