Description

Auto Cut Pro Series Launches: End Manual Cutting in DTF Production

Revolutionizing Pattern Cutting for DTF Printing Workflows

We're thrilled to introduce the AutoFilm Pro Series - the ultimate automation partner for print shops and packaging industries. Designed to replace tedious manual cutting, this PLC-controlled machine delivers pixel-perfect cuts for DTF/DTG prints, films, and paper rolls (30-60cm width). Key features include auto-sensing alignment, pneumatic blade technology, and a vacuum platform for wrinkle-free processing. Boost productivity by 300% while reducing material waste. Ready to upgrade?

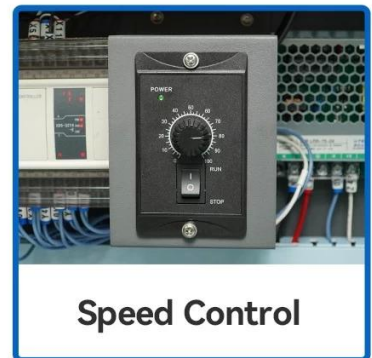

Features

LASER BLADE PRECISION CUTTING

Model	Cutting Width Options
KP-350	13.8"/35cm
KP-650	25.6"/65cm
KP-950	37.4"/95cm
KP-1350	53"/135cm
KP-1650	65"/165cm

PRODUCT HIGHLIGHTS

1□ Intelligent Automation

PLC-controlled system with optical sensors ensures precise pattern recognition and flawless cutting accuracy ($\pm 0.5\text{mm}$).

2□ Dual-Mode Efficiency

Switch between automatic batch processing (100+ patterns/hr) and manual precision mode for custom projects.

3□ Advanced Material Handling

Vacuum suction platform + pneumatic cutting ensures wrinkle-free operation on all DTF/PET/PVC materials.

4□ Smart Customization

Adjustable vertical cutting distance (1-60cm) with real-time speed control (10-50 cuts/min).

5□ Industrial-Grade Safety

CE-certified protection system with emergency stop and automatic shutdown protection.

Specification

Model.	KP-350 / KP-650 / KP-950 / KP-1350/ KP-1650
Types of machines	Auto Paper Cutter
Controller	PLC Controller
Blade Thickness	76MM
An air compressor is required	Yes
Voltage	110V/220V
Speed	1.7-3.3m/min (Customizable) (KP-650)
Cutting Thickness	0.09~0.12mm

Power	400W/600W (KP-650)
Packaging size (cm)	
Gross weight	

With features such as automatic feeding, sensing, and cutting, along with adjustable cutting distance and speed, this machine is engineered to improve efficiency, reduce labor costs, and enhance production accuracy. Pneumatic cutting technology ensures smooth and precise cuts every time.

Whether you're cutting DTF films or paper, our Automatic Film Cutter is the perfect solution to optimize your workflow.

Ideal for:

- DTF print shops □ Sign makers □ Textile manufacturers
- Custom merchandise producers □ Industrial packaging

Machine Warranty

Microtec's Commitment to Customer Support

At Microtec, our primary goal is to ensure that our customers can carry out heat transfer activities seamlessly. To support this, we offer **FREE SPARE PARTS** with qualifying orders, alongside the following comprehensive guarantees:

- **Lifetime Technical Support** for all heat press machines.
- **Two-Year Warranty** on the machine.
- **Five-Year Warranty** on fusions and welds.
- **Five-Year Warranty** on the heating plate.
- **Six-Month Warranty** on heaters for cups, plates, and caps.

We are dedicated to providing long-term reliability and peace of mind for your heat transfer operations.
