

Description

Streamline Your Mug Printing with the Automatic Mug Wrap Machine!

Introducing the Automatic Mug Wrap Machine, the ultimate solution for companies specializing in sublimation mugs. Designed to automate the tedious process of wrapping sublimation paper around mugs, this machine is a must-have for businesses looking to enhance productivity and reduce labor costs.

With the Automatic Mug Wrap Machine, you can wrap up to 360 mugs per hour, making it ideal for large-scale production. Compatible with popular mug sizes, including 11oz and 15oz sublimation-coated mugs, this machine ensures consistent, high-quality wrapping every time.

Whether you're a small business or a large-scale operation, the Automatic Mug Wrap Machine will streamline your workflow, allowing you to focus on growing your business. Say goodbye to manual wrapping and hello to increased efficiency with this state-of-the-art machine.

Automatic Mug Wrapping Machine

Model No. : MWM-10
Speed: 360pcs/ Hour

- Automatic Mug Wrapping & Tape Applying
- Easy to Use with Consistent Pressure
- High Efficiency & Labor Saving

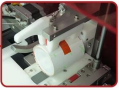

Feature

Key Features of the Automatic Mug Wrap Machine:
High-Speed Wrapping: Wrap up to 360 mugs per hour, dramatically increasing your production capacity.
Full Automation: Automates the entire wrapping process, eliminating the need for manual labor.
Wide Compatibility: Perfect for wrapping 11oz and 15oz sublimation-coated mugs.
Precision Engineering: Delivers consistent, tight wrapping to ensure perfect results every time.
User-Friendly Design: Easy to set up and operate, even for beginners.
Durable Construction: Built to last with high-quality materials, ensuring long-term performance.
Compact and Efficient: Space-saving design that fits seamlessly into any production environment.
Safety Features: Equipped with safety mechanisms to ensure safe and reliable operation.

MICROTEC FEATURE

Fast Operation: Capable of wrapping a mug in only 2 seconds once the machine is loaded.

Efficient Wrapping: The machine tapes the sublimation sheet securely to the mug.

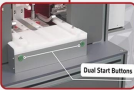

Ease of Use: Operators can place pre-cut sublimation sheets and a mug into the machine, and with the press of a button, the system wraps the mug perfectly.

Automatic Tape Application: Dual tape dispensers for automatically applying tape to sublimation sheets.

Air Regulator: Ensures consistent air pressure for the wrapping process.

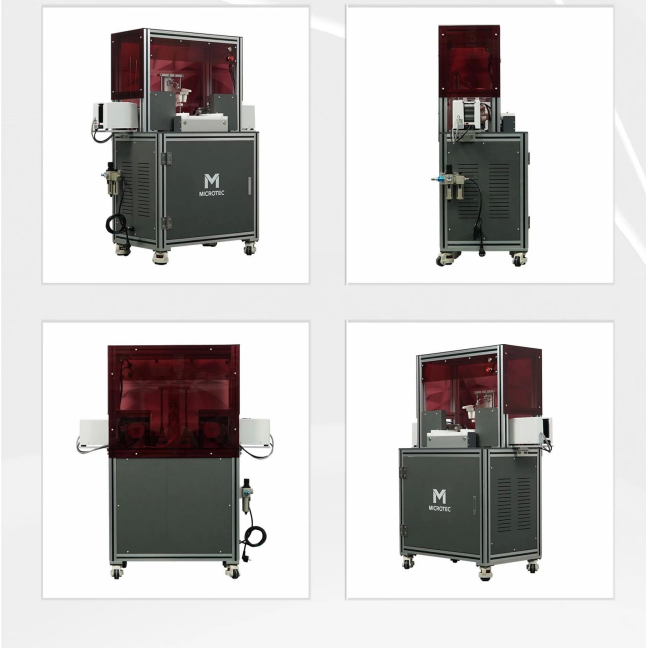

Safe Design: Machine is started by pressing the dual start buttons at the same time, it makes the operation for safer.

Specification	
Model No.	MWM-10
Machine Type	Automatic
Power	1000W
Voltage	220V
Frequency	50/ 60HZ
Net Weight	126kg
Gross Weight	195kg
Packing Size	121x58x151cm
Certification	CE Approval
Warranty	One Year For Entire Machine

GALLERY

Application
Automatic Mug Wrapping Machine is suitable for enterprises and industries that require large-scale, efficient, and automated production of customized sublimation mugs, with wide application prospects particularly in the fields of gift giving, catering, e-commerce, advertising, and more.
