

Description

Introducing Microtec A4 Hobby Heat Press, a reliable solution for achieving consistent and high-quality results. Designed to handle various heat transfer applications, including vinyl, fabrics, ceramics, metals, and more, this small-sized commercial-grade heat press combines convenience, precision, and efficiency, making it the ultimate choice for personal and professional use.

Ideal for start-ups and those new to sublimation, Microtec A4 Craft Heat press is perfect for sublimation garments and other products requiring a flat heat platen. We have **3 different sizes for your choice: 15x15cm, 23x33cm, 38x38cm.**

This brilliant entry-level model excels in both affordability and output. Its compact size allows for easy storage, catering to those with limited space or a need for mobility at craft shows and events.

Not only does this press facilitate sublimation, but it also enables the transfer of HTV (Heat Transfer Vinyl) onto products. It serves as the perfect addition to your Cricut machine or Silhouette cutter, expanding your range of customizable items.

Feature

3 Size Heat Platens: A4-6 for hobby press with 15x15cm heat platens. A4-9 for 23x33cm and A4-15 for 38x38cm one. Designed for sublimation printing and can also transfer HTV onto products.

Even Heating & Pressure: Embedded Heater Windings throughout the entire platen for even heat and pressure.

Adjustable Pressure: The pressure can be easily adjusted using the manual wheel located on the upper side of the heating plate, providing flexibility for different materials and applications.

Easy Transfer Process: A4 small heat press has a large opening angle, facilitating easy transfer of items from the heat plate, ensuring a smooth and hassle-free printing process.

Specification

Model No.	A4-6
Machine Type	Manual, Compact, Light Weight
Platen Size	6"x6" (15x15cm)
Controller	NTTF-2421V Digital Controller
Printable Articles	Up to 15mm Thickness
Open Angle	45 Degree
Voltage	120V/ 220V
Current	11A/ 20A
Power	0.8KW/ 1.0KW

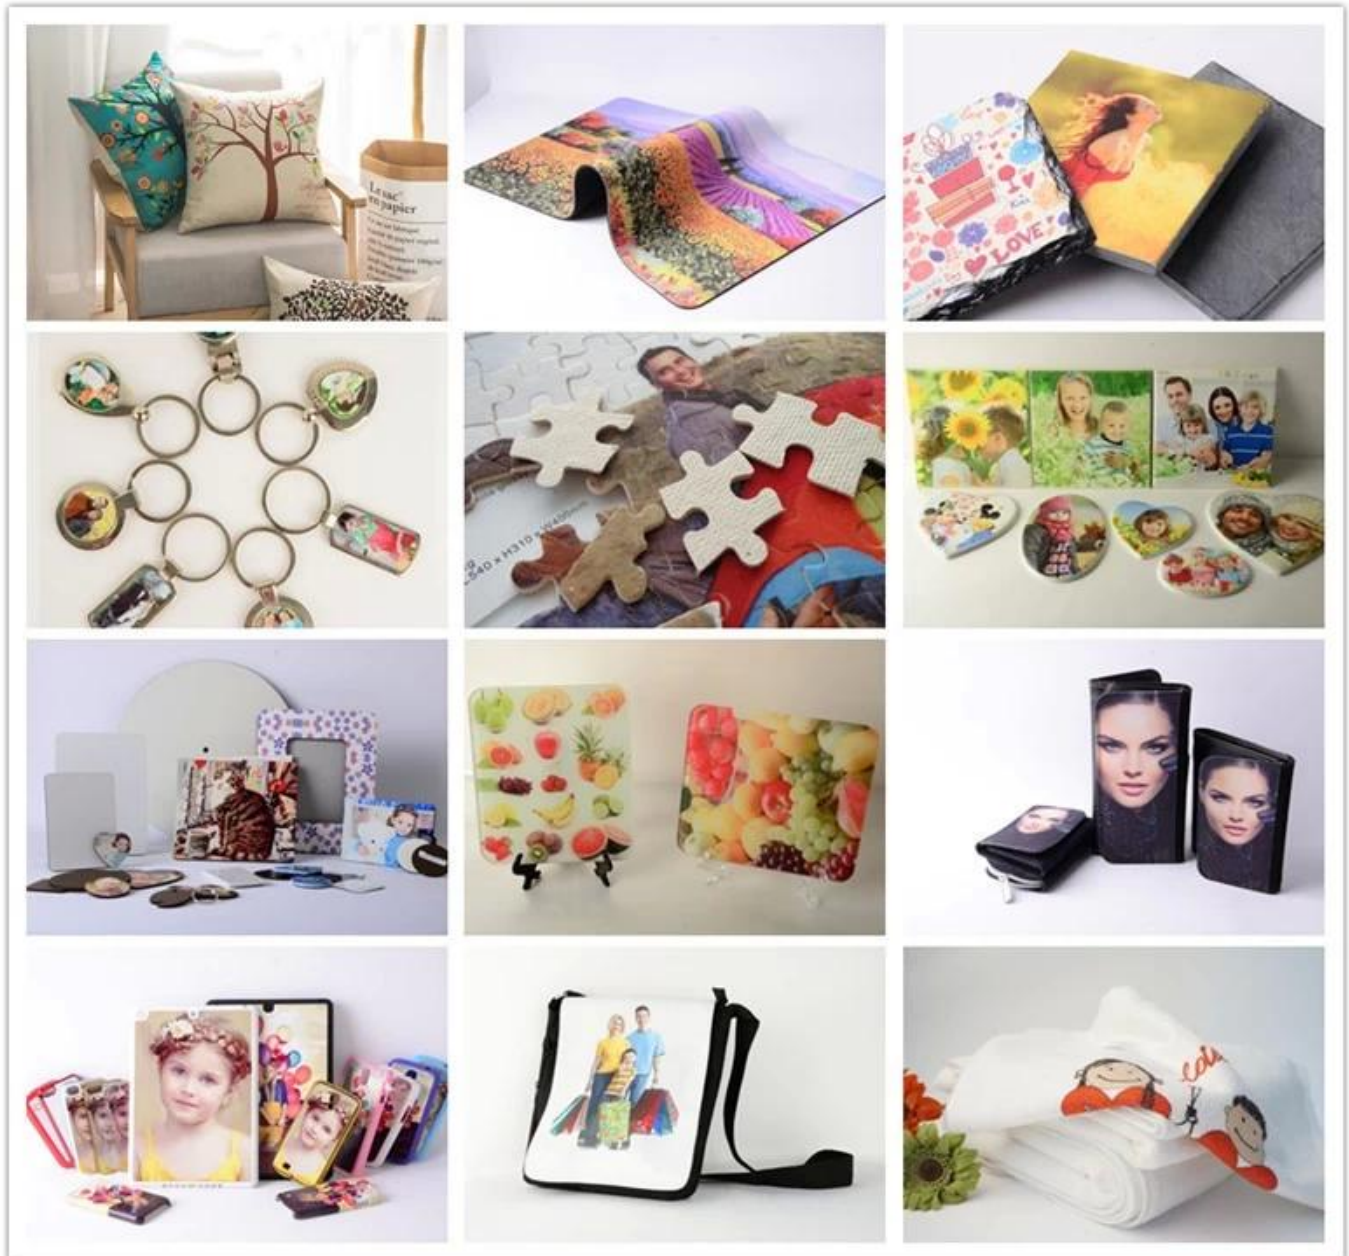

Time Range	0-999 sec.
Maximum Temp.	225 C
Temperature Accuracy	±0.5%
Net Weight	10.5kg
Gross Weight	12.5kg
Packing Size	52x27x37cm
Certification	CE
