Feature

Versatile Transfer Options: The DCH-900 is designed for a myriad of applications, including T-shirts, mugs, plates, caps, and more. Its quick-change attachments make it a versatile solution for meeting your diverse transfer requirements.

Interchangeable Attachments: With its interchangeable attachment feature, the DCH-900 adapts seamlessly to your unique transfer needs. Whether it's T-shirts, mouse pads, puzzles, tiles, mugs, plates, caps, or other materials, this multifunctional press has you covered.

Cost-Effective and Space-Saving: The DCH-900 is not only cost-effective but also a space-saving solution that has garnered high praise from satisfied customers. Enjoy efficiency without compromising on quality.

Robust Construction: Built on a solid steel welded framework, the DCH-900 ensures durability and reliability in every use. Its sturdy construction contributes to its long-lasting performance.

Digital Temperature and Time Control: Take control of your heat transfer process with the digital temperature and time control feature. This precision ensures accurate and consistent results with every use.

Automatic Alarm: Stay on top of your operations with the automatic alarm system. This feature enhances user convenience and ensures that each transfer process is monitored effectively.

Teflon Coating: The DCH-900 is baked with a Teflon coating, adding a layer of protection and facilitating smooth, hassle-free transfers. This feature contributes to the overall quality and longevity of the machine.

Temperature Readout Accuracy: Experience precise temperature control with an accuracy of $\pm 5^{\circ}\text{C}$. The temperature readout can be displayed in either Celsius or Fahrenheit, providing flexibility to suit your preferences.

Multifunctional Swing-Away Design: The DCH-900's swing-away design enhances its multifunctionality, allowing easy access and flexibility for various applications, including T-shirts, mugs, plates, caps, and more.

Accommodates Thick Materials: The DCH-900 accommodates materials up to 50mm thick, offering versatility in handling a wide range of substrates.

2-Year Warranty: We stand behind the quality of the DCH-800 with a 2-year warranty on the entire press, providing you with peace of mind and confidence in your investment. Trust in Microtec's best-selling Combo Heat Press for reliable performance and exceptional results.
