

PRODUCTS YOU CAN DECORATE WITH OUR DTP TRANSFERS

EcoDirect DTP Paper - The Sustainable DTF Film Alternative

- Model No.: DTP-30/60/90
- Paper Weight: 80g/sq.m
- Paper Size: 30cm(12")x100m, 60cm(24")x100m, up to 1.8m x100m
- Color: Translucent
- Transfer Temp.: 155~160°C (310~320°F)
- Heat Press Time: 12 seconds
- Release Method: Cold Peel and Hot Peel

GIZMIX is proud to introduce **EcoDirect DTP Paper**, the revolutionary Direct to Paper solution designed to replace conventional DTF film processes.

As the first-ever eco-friendly, high-performance alternative, this innovative paper helps eliminate plastic waste without sacrificing vibrant color, sharp details, or durability.

Unlike traditional DTF films, **EcoDirect DTP Paper** eliminates common issues like media jams, sensor errors, and slippage, ensuring a smoother transfer experience.

This **100% recyclable** and **compostable** paper offers an eco-conscious approach to printing, contributing to sustainability goals while delivering top-tier performance.

With its **lower carbon footprint** and **energy-efficient cold-peel process**, EcoDirect DTP Paper allows businesses to take a step toward a greener future without compromising on print quality.

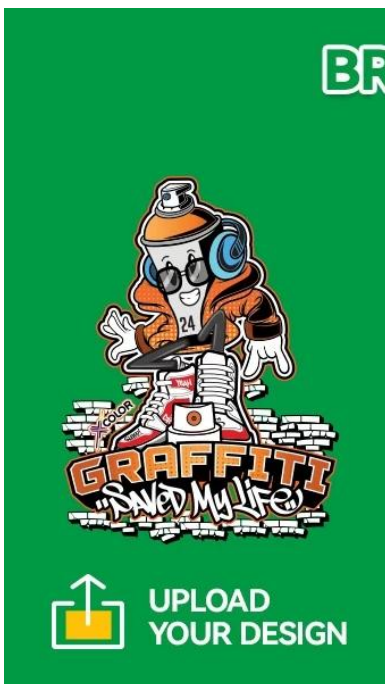

PRINT RESPONSIBLY WITH DTP TRANSFERS

100% RECYCLABLE

BRING YOUR DESIGN INTO YOUR LIFE

ADD COLOR TO YOUR LIFE

Key Features & Benefits

- **Eco-Friendly DTF Film Replacement:**
 - **100% Recyclable/Compostable Paper Base** – Significantly reduce plastic waste.
 - **Lower Carbon Footprint** – Achieve sustainable transfers with an energy-efficient cold-peel process.

- **Superior Print Performance:**

- **High-Resolution Color Accuracy** – Full CMYK color gamut for vivid, fade-resistant prints.
- **Anti-Static Coating** – Reduces hot-melt powder waste and ensures cleaner, more precise transfers.

- **Reliable & Cost-Effective:**

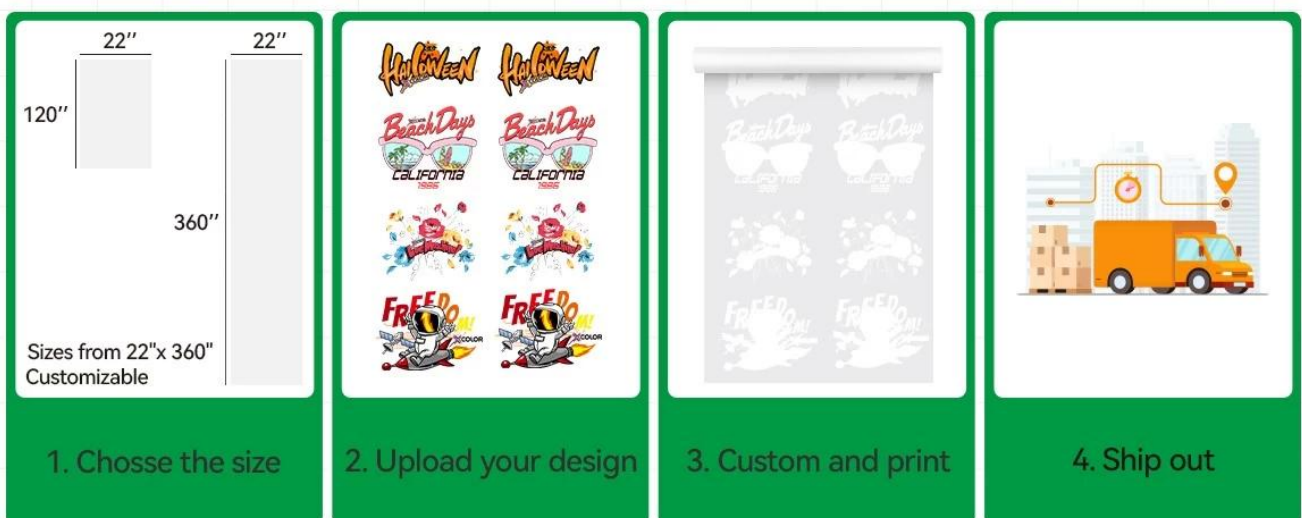

- **No Jams or Sensor Errors** – Optimized for printers, minimizing production downtime.
- **30% More Affordable** – Save on materials without compromising quality.

- **Versatile Applications:**

- **Works on Cotton, Polyester, Blends, and Nylon** – Special adhesive options available for nylon fabrics.

EcoDirect DTP Paper is more than just a product—it's a leap forward in sustainable printing technology. Perfect for businesses seeking to balance high-performance transfers with eco-friendly practices. Transition to EcoDirect today and elevate your printing process while supporting a greener planet.

4 STEPS TO CUSTOM YOUR DESIGN

Why Choose EcoDirect DTP Paper?

- **Eco-Conscious:** 100% recyclable and compostable paper for reduced environmental impact.
- **Reliable Performance:** Cold-peel process, anti-static coating, and no printer issues like jams or errors.
- **Cost-Effective:** Save up to 30% compared to premium DTF films, with no loss in quality.

Elevate your business with EcoDirect DTP Paper, and make a positive impact on both your prints and the planet!

Machine Warranty

Microtec's Commitment to Customer Support

At Microtec, our primary goal is to ensure that our customers can carry out heat transfer activities seamlessly. To support this, we offer **FREE SPARE PARTS** with qualifying orders, alongside the following comprehensive guarantees:

- **Lifetime Technical Support** for all heat press machines.
- **Two-Year Warranty** on the machine.
- **Five-Year Warranty** on fusions and welds.
- **Five-Year Warranty** on the heating plate.
- **Six-Month Warranty** on heaters for cups, plates, and caps.

We are dedicated to providing long-term reliability and peace of mind for your heat transfer

operations.
