Description

GIZMIX 1600W Heat Blower Gun for Sublimation Blanks & Shrink Wrap Film (110V)

The GIZMIX Heat Blower Gun is a high-performance tool tailored for sublimation projects, ensuring efficient and precise application of shrink wrap films onto sublimation blanks.

Benefits:

- **Enhanced Precision:** Provides controlled heat application, reducing the risk of overheating and ensuring even shrinking of wrap films.
- **Versatile Application:** Ideal for various sublimation projects, including customizing mugs, tiles, and smartphone cases.
- **User-Friendly:** The intuitive design and adjustable settings make it accessible for users with varying levels of experience in sublimation processes.

Feature

Powerful Heating: Equipped with a 1600W motor, this heat gun delivers rapid heating, effectively shrinking wrap films around sublimation blanks.

Adjustable Temperature Control: Features customizable heat settings to accommodate various materials, ensuring optimal results for diverse sublimation projects.

Foldable Handle: Designed with a foldable handle for easy storage and portability, making it convenient for both home and on-the-go use.

Ergonomic Design: Crafted for user comfort, the ergonomic grip minimizes hand fatigue during extended use, suitable for both professionals and DIY enthusiasts.

DUAL FAN SPEEDS FOR CUSTOMIZABLE AIRFLOW

Why choose GIZMIX?

Function	1800W Motor	VS	800W
 Over-Load Protection	YES		NO
 Rapid Heating	YES		NO
