Description

GIZMIX HEAT PRESS PILLOW SET (4 PIECE SET, 4 SIZES) - PERFECT FOR HTV & SCREEN PRINTING TRANSFERS

Upgrade your heat pressing process with the **GIZMIX Heat Press Pillow Set**. This versatile set of 4 high-quality Teflon-coated heat press pillows is designed to provide professional results with ease, whether you are a beginner or an experienced designer. Ideal for vinyl projects, screen printing, and heat transfers,

these pillows ensure smooth, flawless prints every time.

WHY CHOOSE GIZMIX HEAT PRESS PILLOWS?

- Durable and heat-resistant material
- Ideal for HTV and screen printing projects
- Prevents uneven pressure and marks
- Available in multiple sizes for versatile use
- Easy to clean and maintain

Whether you're working on custom apparel, vinyl transfers, or screen printing projects, the **GIZMIX Heat Press Pillow Set** is an essential tool that ensures flawless results every time. Protect your projects and tools while achieving smooth, professional-quality transfers!

Feature

4 PIECE SET WITH 4 SIZES: This set includes four heat press pillows in the following sizes: 5"x5", 10"x10", 12"x15", and 5"x15". The various sizes are perfect for accommodating different projects, from smaller to larger transfers, giving you the flexibility to work on a wide range of garments and materials.

PREMIUM MATERIAL: Each pillow is made from high-density fire-resistant foam and non-stick Teflon (PTFE) coating, ensuring heat resistance, durability, and long-lasting performance. These materials are waterproof, reusable, and resistant to tearing, providing a reliable tool for both beginners and professionals alike.

ELIMINATES PRESS MARKS: The heat press pillow helps raise the printing area of substrates, creating a smooth and even surface for your transfers. It ensures that pressure is evenly distributed during heat pressing, preventing marks or imprints from uneven pressure, and making it ideal for tricky areas like seams, collars, buttons, mesh, or zippers.

WIDE APPLICATIONS: Use the **GIZMIX Heat Press Pillow Set** to protect your work surface from burns while ensuring beautiful, smooth transfers on various fabrics. Perfect for HTV (Heat Transfer Vinyl), vinyl projects, screen printing, and other DIY craft projects. It also functions as a protective mat for ironing and other crafting tasks.

EASY TO CLEAN: The non-stick Teflon surface makes these heat press pillows easy to wipe clean after use, ensuring your workspace remains tidy and free of residue. Keep your tools in pristine condition with minimal effort.

Machine Warranty

Microtec's Commitment to Customer Support

At Microtec, our primary goal is to ensure that our customers can carry out heat transfer activities seamlessly. To support this, we offer **FREE SPARE PARTS** with qualifying orders, alongside the following comprehensive guarantees:

- **Lifetime Technical Support** for all heat press machines.
- **Two-Year Warranty** on the machine.
- **Five-Year Warranty** on fusions and welds.
- **Five-Year Warranty** on the heating plate.
- **Six-Month Warranty** on heaters for cups, plates, and caps.

We are dedicated to providing long-term reliability and peace of mind for your heat transfer operations.
