

GIZMIX

SUBLIMATION PAPER

Suitable for White or Light Colored Polyester, or T-shirts with Less Than 30% Cotton.

- ✓ ≥98% High Transfer Rate
- ✓ No Crack and Long Lasting
- ✓ Quick Dry and Clear Patterns
- ✓ Broad Printer Compatibility

Three packages of GIZMIX Sublimation Paper are shown, each featuring a different size and a colorful cartoon design. The packages are labeled with the brand name, 'Sublimation PAPER', '≥98% Transfer rate', and the specific size and sheet count.

Elevate your DIY projects with GIZMIX Sublimation Paper, designed for vibrant, high-quality transfers onto various sublimation blanks.

Available in multiple sizes—8.5"x11", 8.5"x14", 11"x17", and 13"x19"—this paper is compatible with sublimation inks and printers such as Epson and Sawgrass, making it ideal for customizing mugs, T-shirts, light-colored fabrics, and other sublimation blanks.

More Size Options

A woman with long dark hair, wearing a white t-shirt and a pink apron, gives a thumbs up while holding several sheets of GIZMIX Sublimation Paper. To her right, four packages of the paper are displayed, each labeled with its size: 8.5"x11", 8.5"x14", 11"x17", and 13"x19". Each package also features the GIZMIX logo, 'Sublimation PAPER', '≥98% Transfer rate', and the sheet count.

Feature

Instant Drying & High Transfer Rate: GIZMIX Sublimation Paper dries instantly after printing, eliminating the need for additional drying time. It boasts a transfer rate exceeding 98%, ensuring true-to-life colors and precise designs while optimizing ink usage.

Smooth Printing Experience: Crafted from 120G paper, this sublimation paper offers excellent elasticity and thickness, preventing rolling and maintaining a flat surface during printing. This design provides a smooth printing experience without gear marks. *Note: The white side is the printing surface; the pink side is the back.*

User-Friendly Application: To use, print your image using a sublimation-capable inkjet printer, ensuring the "Mirror Image" setting is enabled. Follow the recommended heat press settings, place your sublimation blank onto the heat press, and apply heat. Once completed, peel away the transfer paper to reveal your customized item. This process allows you to bring your creative ideas to life in just a few minutes.

Versatile Compatibility & Unique Gifts: GIZMIX Sublimation Paper is suitable for transferring text and images onto light-colored fabrics containing up to 30% cotton or polyester, as well as items like mugs, tumblers, phone cases, puzzles, mouse pads, ceramic plates, and bags. It's perfect for creating unique DIY gifts for occasions such as Mother's Day, Father's Day, birthdays, Thanksgiving, Easter, Halloween, Christmas, Valentine's Day, or weddings.

Machine Warranty
