

Description

MEHP 2-in-1 Hobby Heat Press - Dual Function Digital Sublimation Transfer Machine

Elevate your creative business with the versatile MEHP 2-in-1 Hobby Heat Press, designed to handle both cap and small item sublimation transfers with ease.

This compact, dual-function machine is perfect for DIY enthusiasts, small business owners, and hobby crafters looking for reliable performance and professional results.

Dual Functionality for Maximum Efficiency

- **Cap Heat Press:** Equipped with an 80×140mm cap heater, the MEHP press quickly and evenly transfers designs onto caps.
- **Flat Heat Press:** Choose between a 150×150mm or 150×200mm flat platen, ideal for sublimating phone cases, keychains, pill boxes, lighters, pendants, coasters, fridge magnets, and more.

PRODUCT HIGHLIGHTS

Uniform Heating

Digital Controller

Cap Fixing Tensioner

Gas Shock Opening

APPLICATIONS

Come and Start Your Creative Journey!

Precision Digital Control

The integrated **GY-04 Digital Controller** lets you easily set precise time and temperature settings for flawless transfers every time.

The clear display ensures accuracy, helping you achieve consistent, high-quality sublimation results.

Innovative and User-Friendly Design

- **Clamshell Design:** The compact clamshell structure is perfect for limited spaces, making it an ideal choice for small studios or home workshops.
 - **Easy Pressure Adjustment:** The intuitive pressure adjustment handle and knob allow you to fine-tune the pressure to suit each transfer item, ensuring optimal adhesion and detail.
 - **Tool-Free High Screw:** Change the heating element effortlessly by hand—no tools required.
 - **Durable Teflon Coating:** Experience enhanced high-temperature resistance and reduced friction, promoting a better sublimation effect on your caps and other products.
-
