

Microtec MP-70 Series Multifunction Mug Heat Press - For Straight and Latte Mugs (6oz to 15oz)

The Best Versatile Mug Heat Press Machine for Personalization Pros

Take your mug printing business to the next level with the **Microtec MP-70 Series Mug Heat Press** - your all-in-one solution for sublimation transfers on both **straight and conical mugs**. Whether you're customizing 11oz ceramic mugs for a coffee shop or designing stylish 9oz latte mugs for your ecommerce store, this compact yet powerful machine is built to deliver **professional-grade results** with every press.

Features

- **Multifunctional Design:** Compatible with **straight mugs (6oz-15oz)** and **latte/cone mugs** thanks to its **interchangeable heater system**.
 - **Durable Metal Construction:** Reinforced **metal side and bottom plates** ensure long-term durability and consistent performance.
 - **User-Friendly Operation:** Features a **GY-04 digital controller** for precise **time and temperature settings**, ideal for beginners and pros alike.
 - **Quick Heater Swap:** Easily switch between **different mug sizes** with plug-and-play **heaters for 6oz, 9oz, 10oz, 11oz, and 15oz** mugs.
 - **Compact & Space-Saving:** Its **linear and simplified structure** makes installation easy and fits comfortably in any workspace.
 - **Reliable Performance:** Consistent heating, fast warm-up, and **±0.5% temperature accuracy** deliver dependable sublimation results.
-

Applications

- Personalized photo mugs
- Custom branding for cafes
- Promotional giveaways
