

Description

The Microtec MT-201 Swing Away Heat Press is an ideal small-format heat press machine designed for versatile use in home settings, crafting, schools, and hobby industries. Featuring a compact frame and 15"x15" heat platens, this swing heat transfer press machine combines luxury design with high-end quality, making it an exceptional choice for various applications.

MT-201 is designed to deliver higher pressure and maintain even heat, resulting in consistent and quality transfers. The special swing away design provides completely unobstructed access to the lower platen. This user-friendly feature makes the MT-201 an excellent choice for sublimation printing, allowing easy loading of garments and placement of transfers.

MICROTEC NEW

Swing-away Heat Press

PRODUCT FEATURES

- ① High-end Quality
- ② 15"x15"(38 x 38 cm) Standard Size
- ③ Perfect Stylish Appearance
- ④ Strong & Even Pressure

Feature

Compact and Versatile Design: The MT-201 is designed with a compact frame and 15"x15" heat platens, making it ideal for home use, crafting, schools, and hobby industries. Its small format is well-suited for a wide range of applications.

Luxury Design with High-End Quality:

25mm Thickness Heat Plate: The heat press features a 25mm thickness heat plate, ensuring durability and even heat distribution.

Stronger Arm: The MT-201 is equipped with a stronger arm, contributing to higher pressure during the heat transfer process.

Higher Pressure and Even Heat: The machine is designed to deliver higher pressure and maintain even heat, resulting in consistent and quality transfers.

Swing Away Design: The special swing away design provides completely unobstructed access to the lower platen.

Durable and Hassle-Free Operation: Built with durability in mind, this high-pressure heat press ensures worry-free and multiple applications. Its robust construction and ease of use make it a reliable choice for various heat transfer projects.

Cost-Efficient for Entry-Level Businesses: The small format of the MT-201 makes it more cost-efficient, especially for entry-level businesses or bulk production. This heat press allows users to create great products while achieving an impressive return on investment.

Popular Model for Users: The MT-201's easy-to-use advantages have made it one of the most popular models among users. Its user-friendly features, combined with high-quality performance, contribute to its widespread popularity.

Specification

Model No.	MT-201
Machine Type	Manual, Swing Away

Platen Size	15"x15" (38x38cm)
Controller	GY-06 Digital Time & Temp. Control
Printable Articles	Up to 10mm Thickness
Voltage	110V/ 220V
Current	11A/ 20A
Power	1.6KW/ 1.8KW
Frequency	50HZ/ 60HZ
Time Range	0-999 sec.
Maximum Temp.	225 C
Carton Size	67x60x52cm
Net Weight	40kg
Gross Weight	47.1kg
Certification	CE
