

AUTOMATIC MUG WRAPPING MACHINE

 Speed up to 360pcs/h

- Automatic Mug Wrapping Machine
360 cups per hour
- Appearance uses aluminum alloy
with iron firm and durable
- Dual Start Buttons
- Automatic Tape Dispenser

Description

Automatic Mug Wrap Machine - Model MWM-10

Enhance your sublimation mug production with the Automatic Mug Wrap Machine MWM-10. Designed for businesses aiming to boost efficiency and maintain high-quality standards, this machine automates the wrapping and tape application process for 11oz and 15oz sublimation-coated mugs.

Features

- **High-Speed Production:** Capable of wrapping up to 360 mugs per hour, significantly increasing output and meeting large-scale production demands.
- **Full Automation:** Streamlines the wrapping process, reducing the need for manual labor and minimizing human error.
- **Wide Compatibility:** Suited for 11oz and 15oz sublimation-coated mugs, offering versatility for various product lines.
- **Consistent Quality:** Ensures precise and uniform wrapping, delivering professional and high-quality results consistently.
- **User-Friendly Operation:** Designed for easy setup and operation, making it accessible for users with varying levels of experience.

- **Durable Construction:** Built with high-quality materials to withstand continuous use, ensuring long-term reliability.
- **Compact Design:** Its space-saving dimensions (105x47x128 cm) allow it to fit seamlessly into various production environments without occupying excessive space.
- **Safety Mechanisms:** Equipped with safety features to ensure secure and reliable operation, protecting both the user and the machine.

Technical Specifications

- **Speed:** Up to 360 mugs per hour
- **Voltage:** 220V
- **Power:** 1000W
- **Working Environment:**
 - **Humidity:** 20-90%

- **Temperature:** 5-40°C (41-104°F)
 - **Machine Dimensions:** 105x47x128 cm
 - **Net Weight:** 106 kg
 - **Gross Weight:** 195 kg
-

Applications

The Automatic Mug Wrap Machine is ideal for enterprises and industries requiring efficient, large-scale production of customized sublimation mugs. It's particularly beneficial for sectors such as giftware, catering, e-commerce, and advertising, where personalized mugs are in high demand.

Streamline Your Production

Investing in the MWM-10 Automatic Mug Wrap Machine allows businesses to enhance productivity, ensure consistent quality, and reduce labor costs. By automating the wrapping process, companies can focus more on design and customer engagement, leaving the repetitive tasks to this efficient machine.

Elevate your mug printing operations with the Automatic Mug Wrap Machine MWM-10, where efficiency meets precision

Machine Warranty

Microtec's Commitment to Customer Support

At Microtec, our primary goal is to ensure that our customers can carry out heat transfer activities seamlessly. To support this, we offer **FREE SPARE PARTS** with qualifying orders, alongside the following comprehensive guarantees:

- **Lifetime Technical Support** for all heat press machines.
- **Two-Year Warranty** on the machine.
- **Five-Year Warranty** on fusions and welds.
- **Five-Year Warranty** on the heating plate.
- **Six-Month Warranty** on heaters for cups, plates, and caps.

We are dedicated to providing long-term reliability and peace of mind for your heat transfer operations.
