CE

Feature

The MAX-800 is designed for a myriad of applications, including T-shirts, mugs, plates, caps, and more. Its quick-change attachments make it a versatile solution for meeting your diverse transfer requirements.

With its interchangeable attachment feature, the MAX-800 adapts seamlessly to your unique transfer needs. Whether it's T-shirts, mouse pads, puzzles, tiles, mugs, plates, caps, or other materials, this multifunctional press has you covered.

	Swing Away Handle The MaxArmour Series features a swing away handle that allows you to swing the top heat platen away from the lower platen safely and easily.
	Improved Pressure Adjustment The pressure adjustment knob on the MaxArmour Series is hidden in the black cover and has been improved for smoother action. It is now easier than ever to adjust the upper heating platen to accommodate thick items.
	Upgraded Time/Temperature Gauge: Setting the time, temperature and changing temperature scale from C to F is now easier with the MaxArmour Series. The advanced digital gauge displays temperatures with a 4 degree accuracy range. The automatic timer alarm begins to sound 3 seconds for it reaches zero to prevent over heating of your material.
