

## Description

The XS Series Auto Open Press with Large Touchscreen Panel is our most advanced clamshell heat press, featuring a stylish design. This Auto Heat Press Machine uniquely offers both automatic and manual mode, setting it apart from standard heat press machines. Its large touchscreen panel enhances its attractiveness and user-friendliness. With a sleek 6-inch touchscreen interface and a specialized clothing compartment, achieving professional-grade results has never been easier.

Users can also easily adjust the pressure by adjusting the pressure knob according to the thickness of sublimation blanks. This cutting-edge with pressure sensor can detect the pressure that users adjust and then touchscreen panel can display the pressure.

This auto heat press is offered with [drawer style lower platen](#), features full threadability with large space for placing hoodies, sweatshirts, sweaters, t-shirts, etc easily.

Available size: 15"x15" (38x38cm)/ 16"x20" (40x50cm)/ 16"x24" (40x60cm)

## MICROTEC PRESS

Mighty High Pressure Auto Heat Press: XS-20

Platen Size: 16"x20" (40x50cm)

## Feature

**Auto and Manual Mode Switching:** Easily switch between automatic and manual operation for greater flexibility.

**Large Touchscreen Display:** Features 3 programmable presets and pressure value display for precise control.

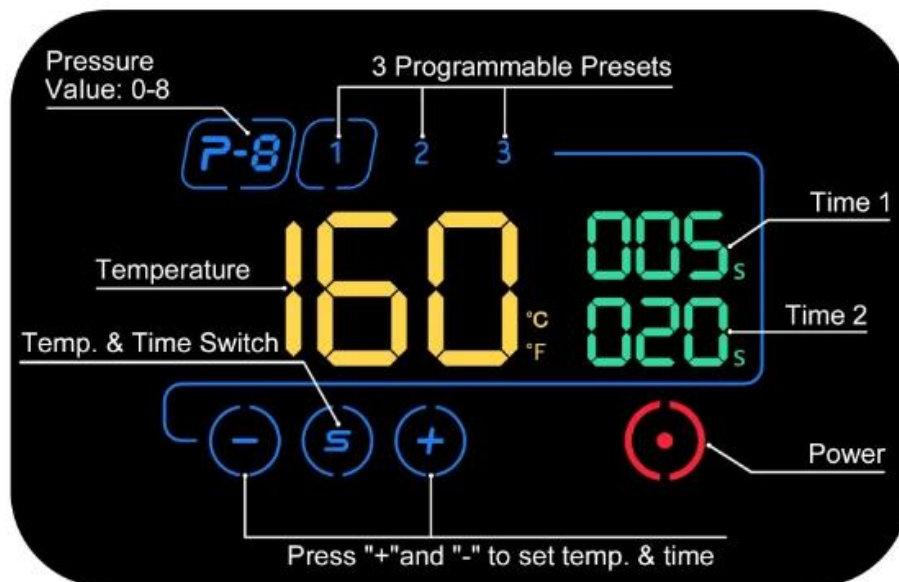

**New Hi-tech Heat Platen:** Ensures even heat distribution for consistent results.

**Assistive Pull-down Handle:** Equipped with a secondary handle to accommodate users of different heights and reduce effort during operation.

**Quick-change Upper and Lower Platen:** Allows for fast and efficient platen changes.

**Adjustable Pressure:** Customize the pressure settings to suit various materials.

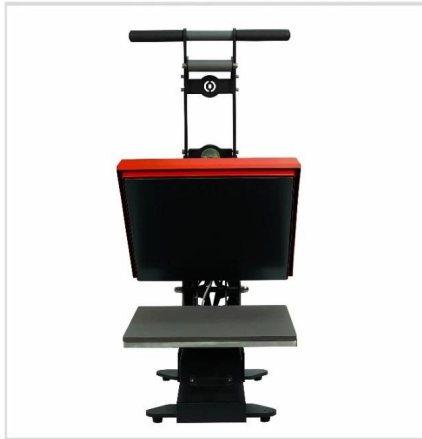

**Full Threadability on Lower Platen:** Provides convenience and versatility for different applications.

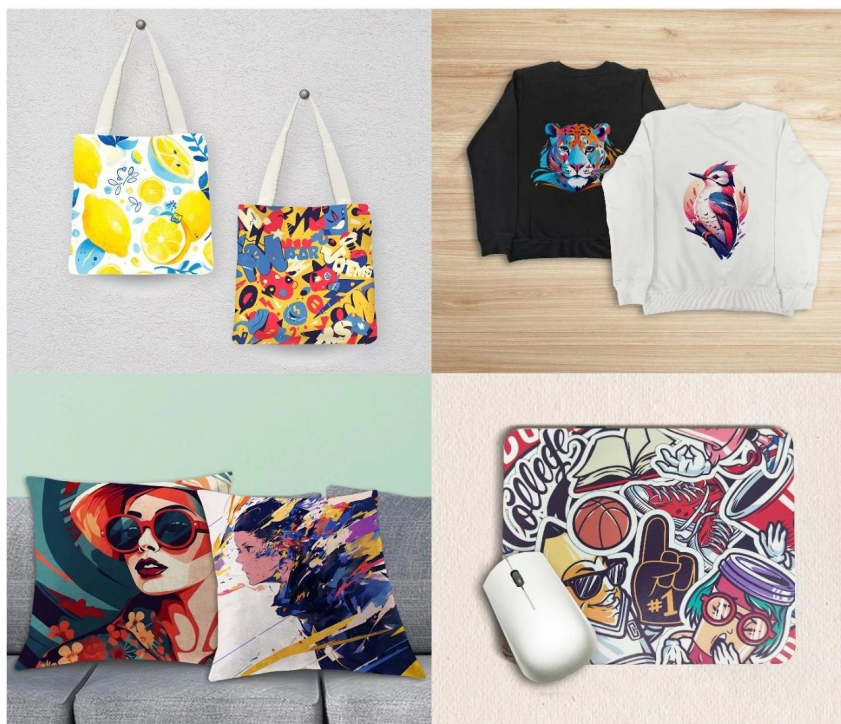

### Specification
