

Description

PP-10A3 pencil heat press machine is specially designed for wooden pencil printing. With 150*100mm size pen heating element and 150*100*10mm basal silicone mould, the pencil laser transfer machine can transfer 9pcs pencils each time. Heating from 0 to 200°C, it needs only 5minutes. Designed by Microtec senior engineer Mr. Lu, the [pen press](#) is small and exquisite.

For the pencil heat press, you can also use it as 4 in 1 [combo heat press](#), including [mug heat press](#), [cap heat press](#), flat [hobby heat press](#) (with 11oz mug heater, cap heater, and 15x15cm flat heater). Please refers to Microtec PP-10E mini [combo sublimation heat press](#).

As it is Small and Exquisite, and with exchangeable design 4 in 1 Combo, this pencil heat transfer machine is good for lady use, shop use and sublimation beginners.

Feature

GY-10 Touch Screen Digital Controller: This controller makes the heat press looks more fashion; It is easy for you to set the time and temperature. More accurate of the time and temp. display

Quick-changable Under Base Design: You can change easily this pen press to cap press, mug press, hobby press by changing the under base and heat element. This design makes the press machine to be multi-functional combo heat press.

Heating Element with Soft Silicone: With the soft silicone, the heat and pressure can be distributed more even, to get perfect transfer result.

High-quality Gas Spring: This gas spring makes the press machine open smoothly and safely;

Specification

Model number:	PP-10A3
Type of machine	Manual, Clamshell
Plate size	Pen heater 15 * 10 cm + pen base (9 pieces at a time)
ticket inspector	GY-10 Digital Time & Temp. Control
Under the plate	interchangeable
Gas spring	20kg φ 15 164mm * 1pc
Printable articles	Thickness up to 13 mm
Opening angle	45 degrees
Heating time at 200 °C	About 5 minutes

Voltage	110V / 220V
Power	350W
Frequency	50HZ / 60HZ, current 6A
Time lapse	0-999 Sec.
Maximum temperature	225 C
Temperature accuracy	± 5 °C
Machine Size	448 * 257 * 365 mm

Application

This pencil heat press is ideal for pencil heat transfer (9pcs per time)
