

Description

Introducing the upgraded **RHP Auto Dual Heat Press** - your ultimate solution for efficient and high-quality garment printing. Designed with both upper and lower heating plates, this advanced heat press allows for faster, more uniform transfers with adjustable pressure settings, making it perfect for various fabric types and printing needs.

Whether you're fulfilling 500+ orders or creating unique designs for your brand, the RHP Auto Dual Heat Press is a user-friendly, efficient, and reliable machine that takes your garment printing to the next level.

HIGH PRESSURE, HIGH QUALITY
DUAL HEATING PLATES

Perfect for Heat-Applied Transfer Labels

Real-Time Pressure Display

Auto Press Functionality

Super Bonding Technology

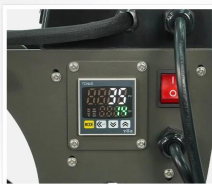

Feature

- **Dual Heating Plates:** With both upper and lower heating plates, enjoy consistent heat distribution for flawless results on every press.
- **Full Threadability:** The elevated lower platen provides extra space, allowing you to easily slide t-shirts, hoodies, or sweatshirts on and off. This feature saves time and ensures a smooth workflow, especially when handling high-order volumes.
- **Adjustable Pressure Control:** Effortlessly adjust the pressure to match different fabric types and design complexities, achieving optimal results with every print.
- **Automatic Operation:** The auto-open function and easy operation mean you can work hands-free, improving safety and productivity.

Specification

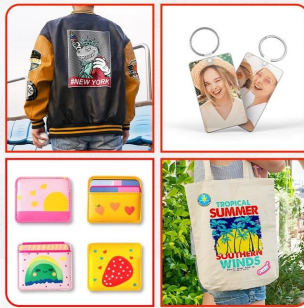

Model No.	Dual Heat Platen, Auto Open
Machine Type	Auto Open Dual Heat Platen, Fully Threadability
Controller	GY-06 Digital Time & Temp.Control & TC4S-R1TC Digital Time & Temp. Control
Maximum Temp.	225 °C
Temperature Accuracy	±0.5%
Voltage	120V / 220V
Frequency	50/ 60HZ
Net Weight	52kg
Gross Weight	62.5kg
Carton Size	93x55x67cm
Certification	CE Approval
Warranty	Two Years For Entire Machine, Five Years For Heat Platen

Application

Auto Dual Heat Press with Full Threadability is specifically designed for printing designs onto hoodies, sweatshirts, Uniforms, Promotional Items & Merchandise and Small Business & Boutique Use

UNIFORM HEATING ON BOTH SIDES

Reliable Performance, Flawless Results Every Time
