RHP-24MS 16" x 24" / 40 x 60cm

Introducing the RHP Auto Dual Heat Press - the ultimate solution for efficient and high-quality garment printing. Designed with both upper and lower heating plates, this advanced heat press ensures faster, more uniform transfers with adjustable pressure settings, making it perfect for various fabric types and printing needs.

Features

Dual Heating Plates: Experience consistent heat distribution with both upper and lower heating elements, delivering flawless results on every press.

Full Threadability: The elevated lower platen provides extra space, allowing you to easily slide t-shirts, hoodies, or sweatshirts on and off. This feature saves time and ensures a smooth workflow, especially when handling high-order volumes.

Adjustable Pressure Control: Effortlessly adjust the pressure to match different fabric types and design complexities, achieving optimal results with every print.

Automatic Operation: The auto-open function and user-friendly controls enhance safety and productivity, enabling hands-free operation.

Technical Specifications

Machine Type: Dual Heat Platen, Auto Open, Fully Threadable

Platen Sizes: 15"x15" (38x38cm), 16"x20" (40x50cm)

Under Plate: Slide-out design for easy garment placement

Controllers: GY-06 Digital Time & Temperature Control and TC4S-R1TC Digital Time & Temperature Control

Printable Articles: Accommodates items up to 15mm in thickness

Opening Angle: 35 degrees

Voltage Options: 120V or 220V

Power Consumption: 3KW/3.6KW

Time Range: Adjustable from 1 to 999 seconds

Maximum Temperature: 225°C

Packing Size: 93x55x67cm

Net Weight: 52kg

Gross Weight: 62.5kg

Whether you're fulfilling large orders or creating unique designs for your brand, the RHP Auto Dual Heat Press is a user-friendly, efficient, and reliable machine that elevates your garment printing to

the next level.

Machine Warranty

Microtec's Commitment to Customer Support

At Microtec, our primary goal is to ensure that our customers can carry out heat transfer activities seamlessly. To support this, we offer **FREE SPARE PARTS** with qualifying orders, alongside the following comprehensive guarantees:

- **Lifetime Technical Support** for all heat press machines.
- **Two-Year Warranty** on the machine.
- **Five-Year Warranty** on fusions and welds.
- **Five-Year Warranty** on the heating plate.
- **Six-Month Warranty** on heaters for cups, plates, and caps.

We are dedicated to providing long-term reliability and peace of mind for your heat transfer operations.
