Heat Press Machine

RHP-15MS-V2	15" x 15" / 38 x 38cm
RHP-20MS-V2	16" x 20" / 40 x 50cm
RHP-24MS-V2	16" x 24" / 40 x 60cm

Introducing the RHP Auto Open Heat Press with Fully Threadability Lower Platen—a state-of-the-art solution designed to elevate your garment printing experience. Whether you're customizing t-shirts, hoodies, or sweatshirts, this machine combines efficiency, user-friendliness, and reliability to help you produce stunning designs effortlessly.

Features

Fully Threadable Lower Platen: The elevated lower platen offers additional space, allowing you to slide garments on and off with ease. This feature streamlines the printing process, enabling quick transitions between pressing the front and back of garments without repositioning, thereby enhancing productivity.

Slide-Out Press Bed: Facilitates easy garment placement and removal, ensuring smooth operations and reducing the risk of misalignment during transfers.

Ergonomic Snake-Shaped Handle: Designed to minimize effort and reduce operator fatigue, the handle ensures comfortable use during extended production runs.

Generous Platen Sizes: Available in sizes of 15"x15" (38x38cm), 16"x20" (40x50cm), and 16"x24" (40x60cm), the vertical heating plates cover large areas, accommodating various garment sizes and designs.

High-Pressure Application: Capable of penetrating thick fabrics, the machine ensures durable transfers that resist peeling or fading over time.

Robust Construction: Built for long-term use, the sturdy structure guarantees safety and stability throughout its lifespan.

Technical Specifications

Machine Type: Auto Open with Fully Threadable Lower Platen

Controller: GY-06 Digital Time & Temperature Control

Printable Articles: Up to 20mm Thickness

Opening Angle: 35 degrees

Voltage: 120V / 220V

Power: 1.5KW to 1.8KW, depending on platen size

Time Range: 1-999 seconds

Maximum Temperature: 225°C

Temperature Accuracy: $\pm 0.5\%$

Certification: CE Approved

Warranty: Two years for the entire machine; five years for the heat platen

The RHP Auto Open Heat Press is specifically engineered for printing on various garments, including hoodies, sweatshirts, and t-shirts. Its innovative features not only save time but also significantly increase productivity, making it an ideal choice for businesses handling high-volume orders. Experience the efficiency and reliability of the RHP heat transfer machine and take your garment printing to the next level.

Machine Warranty

Microtec's Commitment to Customer Support

At Microtec, our primary goal is to ensure that our customers can carry out heat transfer activities seamlessly. To support this, we offer **FREE SPARE PARTS** with qualifying orders, alongside the following comprehensive guarantees:

- **Lifetime Technical Support** for all heat press machines.
- **Two-Year Warranty** on the machine.
- **Five-Year Warranty** on fusions and welds.
- **Five-Year Warranty** on the heating plate.
- **Six-Month Warranty** on heaters for cups, plates, and caps.

We are dedicated to providing long-term reliability and peace of mind for your heat transfer operations.
