

The [Recycled Cotton Pad](#) is a sustainable and eco-friendly alternative to traditional cotton pads, perfect for your daily skincare and beauty routine. Made from 100% recycled cotton, these pads offer a soft and gentle touch on your skin, making them ideal for cleansing, makeup removal, and applying toner. The use of recycled materials not only reduces environmental impact but also promotes a circular economy by giving new life to cotton waste. Each pad is designed to be highly absorbent and durable, ensuring effective performance and long-lasting use. Whether you're looking to reduce waste or simply seeking a high-quality, ethical choice for your personal care needs, the [Recycled Cotton Pad](#) is a thoughtful addition to any eco-conscious lifestyle.

Feature

Eco-Friendly: Made from 100% recycled cotton, reducing environmental footprint.

Soft and Gentle: Provides a delicate touch, perfect for all skin types.

Multi-Purpose: Ideal for makeup removal, cleansing, and toner application.

Highly Absorbent: Efficiently absorbs liquids for effective use.

Durable and Long-Lasting: Designed for repeated use, promoting sustainability.

Promotes Circular Economy: Contributes to reducing waste and reusing materials.
