Description

FSP Swing Away Heat Press with Pressure Sensor: Precision and Efficiency in Heat Transfer

Elevate your heat transfer operations with the FSP Swing Away Heat Press, engineered for high-pressure applications requiring precise control. This advanced press is ideal for customizing T-shirts, frames, slippers, and other flat items, ensuring consistent and high-quality results.

Key Features

- **Advanced Pressure Control:** Equipped with a high-end pressure sensor, the FSP Swing Away Heat Press displays pressure levels, allowing users to adjust settings according to the material being transferred.
- **Swing-Away Design:** The swing-away mechanism provides unobstructed access to the lower platen, simplifying the loading of garments and placement of transfers, enhancing operational efficiency.
- **GY-13 Touchscreen Controller:** The user-friendly large touchscreen interface offers seamless navigation, allowing you to store up to 3 custom settings for added efficiency. It can display pressure value and activate the auto-off function for automated convenience.
- **High-Pressure Capability:** Designed to handle materials up to 55mm in thickness, this press delivers consistent high pressure during the transfer process, guaranteeing excellent and uniform results.

- **Safety Features:** An additional circuit breaker serves as a backup, providing energy savings and cost reduction during urgent situations.

Specifications

- **Model Numbers:** FSP-15 / FSP-20
- **Machine Type:** Swing Away, High Pressure
- **Platen Sizes:**
 - FSP-15: 15" x 15" (38 x 38 cm)
 - FSP-20: 16" x 20" (40 x 50 cm)
- **Controller:** GY-13 Touchscreen Panel, Store 3 Settings, Pressure Display
- **Pressure Display:** 0-8 Level
- **Printable Article Thickness:** Up to 55 mm
- **Voltage:** 110V / 220V

- **Power:**

- FSP-15: 1.6 KW

- FSP-20: 1.8 KW

- **Carton Sizes:**

- FSP-15: 74 x 56 x 58 cm

- FSP-20: 81 x 56 x 59 cm

- **Net Weights:**

- FSP-15: 51.5 kg

- FSP-20: 63.3 kg

- **Gross Weights:**

- FSP-15: 60 kg

- FSP-20: 67.3 kg

Applications

The FSP Swing Away Heat Press is suitable for high-pressure items, including T-shirts, frames, slippers, sportswear, HTV, DTF heat transfers, and other flat products.

Enhance Your Heat Transfer Processes

Investing in the FSP Swing Away Heat Press with Pressure Sensor means choosing a machine that combines precision, efficiency, and user-friendly features. Upgrade your production capabilities and achieve superior transfer results with this state-of-the-art press.

Machine Warranty

Microtec's Commitment to Customer Support

At Microtec, our primary goal is to ensure that our customers can carry out heat transfer activities seamlessly. To support this, we offer **FREE SPARE PARTS** with qualifying orders, alongside the following comprehensive guarantees:

- **Lifetime Technical Support** for all heat press machines.
- **Two-Year Warranty** on the machine.
- **Five-Year Warranty** on fusions and welds.
- **Five-Year Warranty** on the heating plate.
- **Six-Month Warranty** on heaters for cups, plates, and caps.

We are dedicated to providing long-term reliability and peace of mind for your heat transfer operations.
