## Product Highlights

- **Advanced Digital Controller:** The GY06 controller offers user-friendly operation with clear digital displays for time and temperature, ensuring precise settings for consistent results.
- **Magnetic Auto-Open Release:** Equipped with an auto-open magnet, the heat press automatically opens upon completion of the transfer, preventing overheating and ensuring safety.
- **Adjustable Base:** The adjustable ball cradle securely holds various ball sizes, providing flexibility for different printing projects.
- **High-Quality Gas Springs:** Dual 35kg gas springs facilitate smooth and safe opening and closing of the press, enhancing user comfort and safety.

- **Elegant Design:** The laser-cut structural design not only offers durability but also adds an aesthetic appeal to the machine.
- 

## Applications

Perfect for customizing inflatable sports balls for trophies, promotional giveaways, or keepsakes. Ideal for decorating balls with team logos, school names, sponsor or corporate logos, player names/numbers, and more.
