

Description

TSLE Dual Station Heat Press — a breakthrough in custom apparel printing designed for high-volume POD T-shirt production, sportswear printing, and apparel decoration. This industrial-grade machine features advanced dual station technology that allows simultaneous operation for increased efficiency. With its integrated automated laser positioning, ProAlign Vision™ HD Projection System, and SmartFit Studio™ Alignment Software & Tablet Bundle, the TSLE guarantees precision with 99.9% accuracy, ensuring every print meets premium quality standards. Ideal for print-on-demand businesses and sportswear decorators, this heat press streamlines production, reduces material waste, and delivers flawless prints on T-shirts, hoodies, and sports apparel.

GO AUTOMATIC TSLE SMART HEAT PRESS

With Advanced Alignment

Speed: Up to 120+ Garments / Hour

Precision: HD Projection for 99.9% Accuracy

Scalability: Ideal for Startups and Large-scale

Key Features:

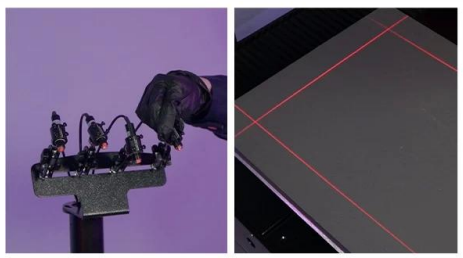

- **Dual Station Design:** Operate two independent workstations concurrently to double your

production output, perfect for POD T-shirt printing and sportswear decoration.

- **Automated Laser Positioning:** Achieve pinpoint accuracy with laser guidance that eliminates misalignment, ensuring consistent quality across all prints.
- **ProAlign Vision™ HD Projection System:** Benefit from high-resolution visual alignment that projects precise design outlines, reducing setup time by up to 60%.
- **SmartFit Studio™ Alignment Software & Tablet Bundle:** Easily adjust, rotate, and resize your designs in real-time with an intuitive tablet interface, enhancing design accuracy and workflow efficiency.
- **Rapid Plate Change System:** Quickly switch between different garment sizes, making it adaptable for mixed orders and high-volume production.
- **Industrial-Grade Durability:** Built for continuous, high-speed operations, this heat press is engineered to meet the demanding needs of POD production and custom apparel decoration.
- **Eco-Friendly Operation:** Optimize energy use and minimize waste, aligning with sustainable practices for eco-conscious brands.

With its cutting-edge technology and robust performance, the TSLE Dual Station Heat Press is the ultimate solution for businesses looking to excel in apparel decoration, sportswear printing, and POD T-shirt production. Upgrade your workflow today and experience the perfect blend of speed, precision, and efficiency.
