

Microtec COS-10B Digital Mug Heat Press - Ideal for Sublimation Beginners

The Microtec COS-10B is a user-friendly, manual mug heat press designed for both hobbyists and small businesses venturing into sublimation printing. Its compact design and intuitive features make it an excellent choice for creating custom mugs with consistent, high-quality results.

Features

- **Digital Touchscreen Controller:** Equipped with the NTTE-2421WR digital controller, the COS-10B offers precise control over time and temperature settings, ensuring accurate and repeatable results.
 - **Versatile Mug Compatibility:** This press can accommodate various mug sizes, including 9oz, 11oz, 12oz, and 17oz mugs, making it suitable for a wide range of sublimation projects.
 - **Tool-Free Heater Exchange:** The design allows for easy heater swaps without the need for tools, enhancing convenience and efficiency during production.
 - **Enhanced Heating Element:** Features a thicker and denser heating coil, promoting even heat distribution and extending the lifespan of the machine.
 - **Adjustable Pressure Block:** The included supporting block increases transfer pressure, ensuring consistent results and preventing mug movement during extended use.
-

Additional Information

- **Warranty:** Microtec offers a two-year warranty on the COS-10B, with extended warranties available on specific components.
- **Support:** Free lifetime technical support is provided, ensuring assistance whenever needed.
- **Availability:** The COS-10B is available through various international retailers, including Signzworld and Ubuy, with shipping options to Singapore.

Machine Warranty

Microtec's Commitment to Customer Support

At Microtec, our primary goal is to ensure that our customers can carry out heat transfer activities seamlessly. To support this, we offer **FREE SPARE PARTS** with qualifying orders, alongside the following comprehensive guarantees:

- **Lifetime Technical Support** for all heat press machines.
- **Two-Year Warranty** on the machine.
- **Five-Year Warranty** on fusions and welds.
- **Five-Year Warranty** on the heating plate.
- **Six-Month Warranty** on heaters for cups, plates, and caps.

We are dedicated to providing long-term reliability and peace of mind for your heat transfer operations.
