

Description

The COS-10B [mug heat press](#) is a stable, simple to use [mug press](#) which is ideal for any sublimation beginners. The time and temperature are regulated by the NTTE-2421WR Digital Controller. This digital controller empowers users to achieve accurate and consistent results, meeting the demands of diverse sublimation printing projects.

This mug heat press machine can be optionally equipped with 4 different size mug heaters, to be used to transfer 9oz / 11oz/ 12oz/ 17oz mugs.

For Microtec sublimation mug press machine, it adopts high quality mug heater. The heating coils is thicker and denser, which helps the mug press machine with more even heat distribution and longer life.

Crafted with durability in mind, the COS-10B mug heat press is built to withstand frequent use, providing a reliable solution for businesses with high printing volumes. Its robust construction ensures longevity and consistent performance.

Feature

NTTE-2421WR Digital Controller: This digital controller empowers users to achieve accurate and consistent results, meeting the demands of diverse sublimation printing projects.

Thick & Dense Heating Element: With high quality heating element, the heat press mug machine is with more even heat distribution and longer life time.

Hand Screw: No need tools. Easy heater exchange. And this mug heat press can use 9oz/11oz/12oz/17oz mug heaters, multifunctional.

Supporting Block: It can increase the transfer pressure of the mug press, and avoid mug move after long time using.

Specification

Model No.	COS-10A/COS-10B/COS-10C/COS-10D
Machine Type	Manual, Multifunctional
Mug Heater	Dia.6-7.5cm for 6oz,9oz,10oz etc Mug Dia.7.5-9.0cm for 11oz Mug for 12oz latte mug for 17oz latte mug

Controller	NTTE-2421WR Digital Controller
Maximum Temp.	225°C
Time Range	0-999 Seconds
Power	300W
Current	2.8A/ 5.5A
Voltage	220V/ 110V
Frequency	50-60Hz
Net Weight	14kg (for COS-10B)
Gross Weight	15kg (for COS-10B)
Machine Size	47x27x24.3cm
Packing Size	57x32x32cm (for COS-10B)

Application

This mug heat press is good for sublimation mugs of 9oz/11oz/12oz/17oz mugs
