

Description

UHP Series Automatic Double Station Heat Press Machine

The UHP Series Automatic Heat Press Machine is engineered for high-efficiency heat transfer applications, making it an ideal choice for businesses and individuals seeking quality and productivity.

Key Features

- **Double Station Design:** Enhance productivity with two independent stations, allowing simultaneous pressing and preparation of materials. This design effectively doubles output, making it perfect for high-demand environments.
- **Auto Open Functionality:** Equipped with an auto-open feature, the press automatically releases the material once the preset time is reached, preventing overexposure and ensuring consistent results.
- **Shuttle Mechanism:** The integrated shuttle system facilitates effortless loading and unloading, minimizing downtime and streamlining workflow.
- **Digital Control Panel:** Customize settings with precision using the GY-04 Digital Time & Temperature Controller, ensuring optimal heat transfer for various materials.
- **Versatile Application:** Suitable for a wide range of substrates, including garments, textiles, ceramics, and more, making it ideal for creating custom apparel, promotional items, and personalized gifts.

- **Safety Features:** Designed with an anti-scald protective cover to minimize the risk of burns during operation, ensuring a safe working environment.
- **High-Quality Gas Spring:** Incorporates a durable gas spring mechanism that ensures smooth and safe opening of the press, enhancing user comfort and machine longevity.

Specifications

- **Machine Type:** Auto Open, Double Station
- **Platen Sizes:** 15"x15" (38x38 cm) and 16"x20" (40x50 cm)
- **Controller:** GY-04 Digital Time & Temperature Control
- **Voltage:** 120V or 220V
- **Current:** 11A or 20A
- **Power:** 1.6KW (15"x15") or 1.8KW (16"x20")
- **Frequency:** 50HZ/60HZ

- **Dimensions:** 101x88x58 cm (Wooden Box)
- **Gross Weight:** 95 kg

The UHP Series Automatic Heat Press Machine combines advanced features with user-friendly operation, making it a valuable asset for any heat transfer application.

Machine Warranty

Microtec's Commitment to Customer Support

At Microtec, our primary goal is to ensure that our customers can carry out heat transfer activities seamlessly. To support this, we offer **FREE SPARE PARTS** with qualifying orders, alongside the following comprehensive guarantees:

- **Lifetime Technical Support** for all heat press machines.
- **Two-Year Warranty** on the machine.
- **Five-Year Warranty** on fusions and welds.
- **Five-Year Warranty** on the heating plate.
- **Six-Month Warranty** on heaters for cups, plates, and caps.

We are dedicated to providing long-term reliability and peace of mind for your heat transfer operations.
