

Introducing the UHP Series Auto Open Heat Press with Slide-out Bed, an advanced solution designed to elevate your heat transfer projects. This electro-magnetic operated automatic heat press combines a state-of-the-art control system with a solid steel welded framework, ensuring durability and reliability for heavy-duty operations.

Features

Model Numbers: UHP-15MS, UHP-20MS, UHP-24MS

Platen Sizes: 15"x15" (38x38cm), 16"x20" (40x50cm), 16"x24" (40x60cm)

Under Plate: Convenient slide-out press bed for easy access and safe operation

Voltage Options: 220V / 110V

Power Consumption: 1800W / 1600W

Temperature Range: 0-255°C, accommodating various heat transfer requirements

Time Range: 0-999 seconds, providing precise control over transfer durations

Gross Weight: Approximately 48kg

Package Dimensions: 91x40x50cm

Enhanced User Experience

Advanced Digital Controller: Features a user-friendly interface with live digital time and temperature readouts, ensuring accurate results for every project.

Magnetic Auto-Open Release: The auto-open magnet mechanism automatically lifts the press when the timer reaches zero, enhancing efficiency and preventing overexposure.

Slide-Out Under Base: Equipped with a robust handle, the slide-out design allows users to easily access the press bed, facilitating precise placement and removal of materials.

Pressure Adjustment Knob: Enables effortless pressure customization to accommodate items of varying thicknesses, ensuring optimal transfer quality.

Versatile Applications

The UHP Series is ideal for a wide range of sublimation and heat transfer products, including:

- T-shirts
- MDF boards
- Metallic sheets

- Slippers
- Other flat items suitable for heat transfer

Its high-pressure capability and auto-open function make it particularly suitable for small to medium-sized businesses seeking efficiency and professional results.

Why Choose the UHP Series?

The UHP Series stands out with its combination of high-quality construction, user-centric features, and competitive pricing. The inclusion of the unique bottom slide-out drawer, advanced digital controller, and wide open angle has made this series a favorite among business owners.

Elevate your heat transfer operations with the UHP Series Auto Open Heat Press with Slide-out Bed—where innovation meets reliability.

Machine Warranty

Microtec's Commitment to Customer Support

At Microtec, our primary goal is to ensure that our customers can carry out heat transfer activities seamlessly. To support this, we offer **FREE SPARE PARTS** with qualifying orders, alongside the following comprehensive guarantees:

- **Lifetime Technical Support** for all heat press machines.
- **Two-Year Warranty** on the machine.
- **Five-Year Warranty** on fusions and welds.
- **Five-Year Warranty** on the heating plate.
- **Six-Month Warranty** on heaters for cups, plates, and caps.

We are dedicated to providing long-term reliability and peace of mind for your heat transfer operations.
