

Description

Compared with [MP-99A/B electric mug heat press](#), Microtec MP-99C electric mug press is specially designed for transferring 12oz latte mugs. Microtec electric full auto mug press works with 3 sizes mug heaters: one for 11oz mug, one for 15oz mug, and another for 12oz latte mugs. Due to its multifunction, this mug press machine is highly acceptable in the heat press markets.

Different from other pneumatic mug press, the MP-99C electric mug press can be auto-close and auto-open without air compressor, which is efficient and quite.

We adopt high quality approach sensor in the mug press. You just need to put the mugs into the machine, it will close and start to transfer automatically, and warning you to take out the mug when it's done.
