Why Choose GIZMIX Sublimation Butcher Paper?

Whether you're a DIY crafter or running a small sublimation business, GIZMIX Butcher Paper is designed to simplify your workflow. With 8 pre-cut sizes, no more wasted time cutting paper to fit—just grab the right sheet and start creating. Protect your heat press, keep your workspace clean, and get more value with reusable sheets.

Available Sizes (Perfect for Every Project)

We've got the right fit for all your sublimation blanks:

- 4x9.25 Inch & 4.5x10 Inch: Ideal for 20 oz skinny tumblers, small mugs, and narrow cups
- 6.75x11 Inch & 8.2x10 Inch: Great for medium cups, water bottles, and small rectangular blanks
- 11x10 Inch & 12x12 Inch: Perfect for larger mugs, tumblers, and square substrates
- 13x15 Inch & 16x20 Inch: Designed for big blanks, multiple small items, or bulk projects

No cutting, no waste—just pick the size you need and go.

Key Features That Make a Difference

☐ Protects Your Equipment & Workspace

Sublimation ink can stain heat presses and work surfaces, but GIZMIX Butcher Paper acts as a barrier, catching excess ink and keeping your tools spotless. Spend less time cleaning and more time creating.

☐ Reusable for Extra Value

If the paper stays clean after use, reuse it! It's a simple way to stretch your supply and save money—great for frequent crafters or businesses watching their budget.

☐ Pre-Cut for Convenience

Skip the scissors and messy trimmings. Our pre-sized sheets mean you can start printing immediately, whether you're a beginner or a pro.

☐ Versatile for All Blanks

From tumblers and mugs to bottles and custom blanks, these sheets work with any heat press machine. No more struggling with ill-fitting paper—we've got every size covered.

Pro Tips for Best Results

- **Match the Size to Your Blank:** Use smaller sheets (4x9.25/4.5x10) for tumblers; larger sizes (13x15/16x20) for bulk projects.
- **Maximize Reusability:** After use, check for clean areas—save lightly used sheets for smaller projects.
- **Ensure a Smooth Press:** Lay the paper flat to avoid creases, which can disrupt ink transfer.

Note: This paper is designed for sublimation only. Do not use for food wrapping or storage.
